SCHOOL CATALOG

July 08, 2024 - July 07, 2025

1. GENERAL INFORMATION

Prospective students are encouraged to review the School Catalog and the School Performance Fact Sheet before signing an enrollment agreement. The School Performance Fact Sheet will be provided to you prior to signing the enrollment agreement.

1.1 Disclaimer Information

This catalog is provided for informational purposes. While every effort has been made to ensure its accuracy, the provisions of this catalog should not be considered a binding contract between the student and Southeast California College (hereinafter referred to as SCC). SCC reserves the right to change any provisions or requirements at any time, ensuring that such changes do not unduly burden enrolled students. For additional information, students should refer to the current schedule of classes.

The school's policy is to update its official catalog annually to include all information about the approved curricular programs of Southeast California College. This is done to provide students and other interested parties with an education in accordance with Education Code 94909. Annual updates may be made using addenda accompanying the catalog. If changes in educational programs, services, procedures, or policies that are required to be included in the catalog by statute or regulation are implemented before the issuance of the annually updated catalog, these changes will be reflected in addenda accompanying the catalog at the time they are made.

Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to:

SOUTHEAST CALIFORNIA COLLEGE

College Catalog

Southeast California College does not have a pending nor has filed for bankruptcy, operated as a debtor in possession, filed a petition in the last five years, or had a bankruptcy petition filed against it in the last five years resulting in reorganization under Chapter 11 of the United States Bankruptcy Code.

1.2 Accreditation and Approvals

Southeast California College is a private institution approved to operate by the Bureau for Private Postsecondary Education (BPPE). This approval indicates that the College meets the minimum standards outlined in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations.

Bureau for Private Postsecondary Education (BPPE)

On April 19, 2017, Southeast California College (SCC), formerly known as Health Sciences College of California (HSCC), received institutional approval to operate as a non-accredited institution for five years, from April 19, 2017, to April 19, 2022, with a school code #68973651. The main campus in San Bernardino, California, offers the following approved programs: The Medical Assistant Program (approved on March 19, 2018), and the Vocational Nursing Program (approved on March 12, 2018).

California Board of Vocational Nursing & Psychiatric Technician (BVNPT)

The California Board of Vocational Nursing & Psychiatric Technician (BVNPT) granted provisional approval for the Vocational Nursing Program (VN) on February 12, 2018. Subsequently, on April 2, 2019, BVNPT issued a full four-year approval for the program, allowing it to be offered from February 12, 2018, to February 12, 2022.

1.3 Ownership & Governance

Southeast California College (SCC), owned and operated by Health Sciences Institute of California (HSIC) Corporation. It was duly formed and organized under the laws and regulations of the Secretary of State for the State of California, with the Articles of Incorporation filed on October 1, 2009.

1.4 History

The Health Sciences Institute of California (HSIC) Corporation was established by Dr. Edna B. Domingo and Efren D. Domingo (founder & co-founder respectively) with the aim of assisting ESL nursing graduates in passing the NCLEX exam. In mid-2004, HSIC Corporation opened its doors as EDEF Health Services International, an NCLEX review center. Achieving a 92% pass rate for NCLEX-RN and an 87% pass rate for VN, it later added an IV Therapy certification class along with CPR training in 2006.

The IV Therapy certification was approved by the Board of Vocational Nursing (BVNPT), and the American Heart Association (AHA) approved EDEF as a CPR certification provider. In 2013, HSIC Corporation established a doing business as (DBA) entity named Health Sciences College of California (HSCC). Subsequently, the Bureau for Private Postsecondary Education approved HSCC to offer its programs under exempt status.

HSCC provided various short medical programs, including Nursing Assistant, Home Health Aide, acute level 2 CNA, NCLEX review preparation classes, and certification classes for IV therapy and CPR under its BPPE exempt status. On April 17, 2017, BPPE granted HSCC approval to operate as an institution. The Vocational Nursing program were conditionally approved pending approval from their respective boards.

Upon receiving approval from the Board of Vocational Nursing & Psychiatric Technician (BVNPT) to start an initial VN program on February 2, 2018, HSCC commenced its VN classes on April 23, 2018. The relocation to San Bernardino at 225 East Airport Drive on April 16, 2018, aimed to provide a better learning environment for Vocational Nursing program students.

With a vision to expand its program offerings, including the addition of general courses, HSIC Corporation decided to change its DBA name from Health Sciences College of California (HSCC) to Southeast California College (SCC).

1.5 Mission Statement and Institutional Objectives

Southeast California College serves its immediate and extended community with the following **Mission Statement:**

Southeast California College is deeply committed to the educational advancement of its diverse community, serving as a catalyst for transformative learning experiences. By cultivating a learner-centered environment, the institution equips graduates with the essential tools of problem-solving, critical thinking, and a profound understanding of their respective fields, empowering them to make meaningful contributions to society.

As part of the institution's Mission, the College strives for the following **Vision:**

Southeast California College envisions itself as a pinnacle of academic excellence, a bastion of learning that is not only responsive to the individual needs of its students but also interpersonally supportive and intellectually stimulating. It seeks to innovate continuously, ensuring that its educational programs remain dynamic and relevant in an ever-changing educational landscape. Moreover, the institution is steadfast in its commitment to preparing students for success in a rapidly evolving global community, leveraging technology to enhance the learning experience and adapt to the demands of the modern business environment.

In pursuit of this vision, Southeast California College aspires to be a beacon of academic excellence, inspiring its students to achieve their full potential and become active contributors to a better society.

In the **Identity Statement:**

Southeast California College, nestled in Southern California, stands as a beacon of academic excellence, offering a rich tapestry of allied health programs. The college's primary focus remains on health-related fields. These diverse programs are carefully crafted to not only meet the ever-growing demand for a skilled workforce but also to provide graduates with a springboard to pursue rewarding and impactful careers.

Within its health-related programs, Southeast California College is dedicated to advancing human health and welfare through comprehensive education. By nurturing a cadre of proficient professionals, the college endeavors to enhance clinical practice, managerial acumen, and educational leadership. This commitment underscores the college's overarching mission to make a tangible and enduring contribution to the betterment of society.

In self-reflection, Southeast California College represents the following **Philosophy** statement:

Southeast California College holds the belief that among the noblest pursuits in life is the act of serving others.

SOUTHEAST CALIFORNIA COLLEGE

College Catalog

This philosophy underscores the college's core belief that education serves as the cornerstone for preparing future generations of professionals. These individuals are envisioned to possess not only the requisite knowledge and skills but also the attitudes necessary for perpetually enhancing the quality, safety, and efficacy of health and human services. Furthermore, Southeast California College aims to cultivate graduates who will serve as exemplary professionals and valuable assets in the community.

In the pursuit of these goals, educators at Southeast California College play a pivotal role. They are not merely instructors but rather partners, role models, coaches, and mentors. Through these multifaceted roles, educators guide students on a transformative journey of self-discovery, facilitating the acquisition of new knowledge and the development of critical skills.

These institutional statements qualify the *Mission Statement, Vision, Identity and Philosophical values* Southeast California College has developed since its founding in 2009.

Institutional Learning Outcomes:

Upon completion of a Southeast California College Program, graduates will be equipped to implement the following Institutional Learning Outcomes:

1. Master the knowledge, skills, and attitudes of a discipline
2. Apply critical thinking and professional judgment skills in both problem analysis, and planning and implementing solutions
3. Communicate effectively both orally and in writing, and through use of technological media
4. Exhibit the highest ethical and professional standards and integrity
5. Function collaboratively as members of interdisciplinary teams
6. Contribute to continuous quality improvement efforts
7. Use information literacy skills necessary to support continuous, lifelong learning
8. Appreciate cultural differences and values in order to serve their communities as responsible professionals in a diverse society

The institutional objectives of Southeast California College are dynamic and responsive, evolving over time in response to the input and influence of various stakeholders. These stakeholders include students, faculty, staff, employers, and other constituents, whose perspectives and needs continually shape the college's objectives. Additionally, the changing dynamics of the community and external environment contribute to the ongoing evolution of these objectives.

1.6 Administration & Faculty

The campus must demonstrate that there is an on-site administrator responsible for managing operational effectiveness, ensuring adherence to regulatory agency standards, and maintaining the overall quality of curricular offerings. At a minimum, the on-site administrator and management team of the campus must be qualified to perform their designated duties as outlined by the institution. They must demonstrate their training and management skills through relevant experience and/or education, fulfilling their responsibilities and functions effectively. They must also be responsive to the needs and requirements of faculty, staff, and students. Program Directors

SOUTHEAST CALIFORNIA COLLEGE

College Catalog

must meet the qualifications set forth by the institutional accreditor, programmatic accreditor (if applicable), licensing board (if applicable), and any other relevant regulatory agencies.

The following provides the minimum qualifications faculty members must have to maintain employment in any/all programs at Southeast California College:

Certificate Programs

- i. Graduation from an accredited program recognized by the U.S. Department of Education, the Council for Higher Education Accreditation (CHEA), or an otherwise recognized training entity (e.g., hospital-based program) in their specialty field, or equivalent (the qualitative and quantitative equivalency of foreign education and the specific courses using the credential evaluation services). Additionally, the faculty member must have two (2) years of occupational experience in the subject field in which they teach; OR
- ii. A minimum of three (3) years of job-related training and experience for those instructors who are not graduates of an accredited program in the field in which they teach.

In addition, all faculty must:

- iii. Receive training in educational methods, testing and evaluation and evidence strength in instruction methodology, delivery and techniques as indicated by evaluation by supervisory personnel within 30 days of beginning instruction.
- iv. Hold current licenses, certifications or other designations as required by local, state or federal laws to work in the field.

1.6.1 Faculty/Staff Directory

See insert in the back of the catalog for college administration, faculty and staff.

1.7 Disclosure of Language Used in Program Study

All courses within each program at Southeast California College are conducted in English. For most programs, prospective students are required to take an entrance exam that assesses their proficiency in English. This exam is a mandatory step in determining a student's eligibility for admission.

1.8 Facilities

Southeast California College ensures that its facility and equipment adhere strictly to the regulations and ordinances set forth by federal, state, and local authorities. These regulations encompass a wide array of areas, including fire safety, building safety, and general health and well-being standards. It is important to note that while the college takes every precaution to maintain a safe environment, it does not assume responsibility for incidents such as property theft or damage.

Southeast California College is situated at 225 East Airport Drive, San Bernardino, California 92408, occupying a total area of 4,882 square feet. This location is considered our main campus location where all class sessions will be held. This includes 2,482 square feet in suite 110 and 2,400 square

SOUTHEAST CALIFORNIA COLLEGE

College Catalog

feet in suite 150. Conveniently located along the 10 eastbound freeway, the college is in close proximity to various dining and shopping establishments on Hospitality Lane in San Bernardino, California.

The facility at Southeast California College is thoughtfully designed to foster an optimal learning environment. It comprises laboratory/clinical classrooms, a library resource center, a student lounge, a computer laboratory, and administrative offices. Each classroom is equipped with a ceiling-mounted projector that delivers both audio and video content. The computers are connected to the Southeast California College network, allowing instructors to display Internet-based materials such as educational videos and faculty-developed content.

The Southeast California College Library Resource Center offers a wide range of resources available to students in various formats, including books and periodicals. These resources are accessible through LIRN (Library and Information Resource Network), an online library resource. The Library Resource Center serves as a central resource for all students and faculty, both physically and virtually, and is accessible during and outside of classroom hours.

Our campus features a nursing skills laboratory dedicated to the Vocational Nursing program and a medical skills laboratory used by our Medical Assistant program. The nursing skills laboratory is furnished with three hospital beds, two simulation patient-care mannequins, a steel medicine cart, steel storage cabinets, and various other laboratory supplies. Similarly, the medical skills laboratory is well-equipped with two patient examination tables, an autoclave, a centrifuge, a micro hematocrit centrifuge, an electrocardiogram machine, and other up-to-date equipment and supplies relevant to the curricular offerings that require laboratory instruction and training.

Additional Educational Facilities: Southeast California College is affiliated with the following healthcare organizations to meet the needs of clinical and externships training: Family Health Inc. (Redlands and San Bernardino locations), Dr. Mitchell Spirt, M.D., Access Urology (Chino and City of Industry locations), Concentra Urgent Care (San Bernardino, Ontario, and Rancho Cucamonga locations), Home Care of Loma Linda, Linda Valley Healthcare, Total Kids-Loma Linda, San Bernardino Department of Public Health, etc.

1.9 Non-Degree Certificate Programs

Southeast California College prepares students for both the healthcare job market and advanced studies through a range of non-degree certificate programs.

Program Title	Clock Hours	Credential
Medical Assistant	900	Certificate
Vocational Nursing	1800	Certificate

2. ACADEMIC CALENDAR

2.1 Definition of Academic Year and Fiscal Year

The definition of an Academic Year at SCC is at least 26 weeks of instructional time for a clock-hour program and at least 30 weeks of instructional time for a credit-hour program.

2.2 Academic Calendar/Schedule of Classes

CERTIFICATE PROGRAMS

Southeast California College Certificate Programs follow a non-standard term-based approach and do not adhere to a traditional academic calendar. New classes generally commence five to six times annually, but start dates vary, unlike those of a conventional four-term school year. VN courses typically run for 52 or 72 weeks, depending on whether the student is full or part-time. The Medical Assistant program spans approximately 36 weeks.

This varied and frequently intensive schedule enables students to reach their educational objectives more efficiently. Southeast California College's (SCC) low student-to-faculty ratio and small class sizes, typically averaging 25 students or fewer, promote active learning and collaboration. The student-to-instructor ratio in laboratories is maintained at 20 to 1 or lower. Additionally, all program schedules incorporate national holidays.

Kindly be advised that the class schedule may change without prior notice. Southeast California College retains the right to cancel scheduled classes due to availability or other reasons.

CODE	Program	Pre-requisite	Hours/Days 30 min or 1 hour for lunch break included <i>*subject to change</i>	Length	Break
VND VNW	Vocational Nursing	High School Diploma/ GED/ Equivalent	Day: 52 weeks 8:30a-3p Theory Days & 8:30a- 5p 3 Skills Lab or 7a- 3:30p 3 Clinical Days - Weekends: 72 weeks 5:30p-10p Tue/Thu (Theory*) 8:30a-5p Sat/Sun (Theory*) 8:30a-5p Sat/Sun (Skills Lab*) 7a-3:30p Sat/Sun (Clinical*)	1,800 hours D: 52 wks W: 72 wks	Approximately 1 week following each term
MA	Medical Assistant	High School Diploma/ GED/ Equivalent	9am-3:30p M~Th (Day) 5pm- 11:30pm M~TH (Eve)	900 hours 36 weeks	Thanksgiving weekend break, 2 weeks winter break

HOLIDAYS, RECESSES AND BREAKS 2024

	Winter	Spring	Summer	Fall
Presidents' Day	Feb. 19			
Memorial Day		May 27		
Independence Day		Jul. 4		
Labor Day			Sep. 2	
Thanksgiving Break				Nov. 25-Dec. 1

** Make-Up for Classes that fall on a holiday will be scheduled within the same instructional week.*

HOLIDAYS, RECESSES AND BREAKS 2025

	Winter	Spring	Summer	Fall
Presidents' Day	Feb. 17			
Memorial Day		May 26		
Independence Day			Jul. 4	
Labor Day			Sep. 1	
Thanksgiving Break				Nov. 24-30

** Make-Up for Classes that fall on a holiday will be scheduled within the same instructional week.*

SCC reserves the right to modify this schedule. Students will be notified of any changes in a timely manner.

2.3 Add/Drop Period

The Add/Drop period commences on the first day of classes and concludes on the seventh (7th) day thereafter. During this timeframe, students may add or drop classes. Any courses dropped during this period will not be recorded on students' transcripts or be considered when evaluating Satisfactory Academic Progress. Students who drop all classes will be regarded as having withdrawn from the College. It's important to note that the College will automatically

withdraw a student from any course(s) for which they are registered if attendance has not been posted by the Add/Drop period's conclusion.

2.4 Enrollment Status

Enrollment status is defined by the number of clock hours in each program for certificate programs. The table below outlines the various enrollment statuses.

CERTIFICATE PROGRAMS	
STATUS	CLOCK HOUR
Full Time	24 or more hours
Three-quarter (3/4)	Not applicable (N/A)
Half (1/2)	Not applicable (N/A)
Less than half (1/2)	Not applicable (N/A)

**At Southeast California College, all clock hour programs require a full-time enrollment.*

Please be aware that the definition of full-time status according to the Department of Education, the Department of Veterans Affairs, and the Department of Homeland Security may differ from that used by academic and registrar's offices. According to the Department of Education, the minimum standards for full-time enrollment status for undergraduates should be at least 12 quarter hours per academic term in a program using a semester, trimester, or quarter system, and 24 clock hours per week for a program using clock hours.

2.5 Holidays/Constitution Day

Holidays

SCC observes the following holidays:

- New Year's Day
- Presidents' Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Christmas Day**

Constitution Day

Constitution Day is recognized on September 17th, the day the U.S. Constitutional Convention signed the Constitution in 1787. Southeast California College will hold regular classes on this day.

3. ADMISSION/ENROLLMENT INFORMATION

For specific program policy, see Student Handbook.

3.1 Eligibility

All applicants must meet the following qualifications:

- Southeast California College does not admit students from outside the United States. The institution does not provide visa services, nor does it vouch for student status or any associated charges related to international student visas. Prospective students must be U.S. citizens or eligible non-citizens to apply for admission.
- For most programs, applicants must submit proof of completion of 12th grade education or the equivalent prior to admission, and must hold at least a high school diploma, official transcript, GED certificate or equivalent.
- The applicant must verbally demonstrate that he/she has reasonable expectations of how the program would benefit him/her in terms of skill acquisition, academic gains or job marketability
- The student must successfully pass the entrance exam if applicable.
- Direct transfer credit may be established through evaluation of official academic transcripts.
- Must meet the program specific requirements. Please refer to the student handbook for more information.
- Applicants must submit a Medical Examination Form (*available at the Admissions Office*) from a physician stating you can participate in the program without any limitations*.
**Currently, this definition does not apply to all programs – please check with the Admissions Office for specifics.*

3.2 Procedures for Enrollment

- ✓ **Registration for Admission**

POLICY

Prospective students seeking admission to SCC's programs start the admission and enrollment process by submitting a comprehensive and accurate enrollment agreement and contract, along with the non-refundable registration fee.

As an applicant, it is encouraged for the prospective student to carefully review and understand the contents of this catalog before signing an enrollment agreement. They are also advised to review the School Performance Fact Sheet, which will be provided before signing the enrollment agreement.

PROCEDURE

The Procedure by which this process is determined is as follows:

- i. From the time of the applicant's expressed interest through a telephone conversation, to the time they come to tour the campus, and all the way prior to signing an official enrollment agreement, the student's permanency of physical location and address is determined by
 - (a) Securing valid copies of their CA State Issued Identification, or CA DMV issued current Driver's license, **OR**
 - (b) A valid and current issue of a U.S. Passport bearing the picture and current address of the applicant, **OR**
 - (c) A signed student attestation certifying that they physically reside in the State of California where they provide a current address at the time of enrollment.
- ii. During the enrollment process, the applicant is provided a document subsequent to the enrollment agreement called "**Change of Contact Information**" form to be completed onsite, and periodically updated by the student at a minimum of every six (6) months; thus, will be collected and officially filed in the Registrar's office.
- iii. The above steps (i, i(a) or (b), and (c) and ii), will be the basis for determination of the student's physical location.
- iv. Prior to signing an enrollment agreement, the prospective student acknowledges that Southeast California College does not offer distance education outside the State in which the institution is physically located in. In addition, Southeast California College discloses that a student relocating to a state in which the institution does not have approval to operate prior to program completion, may adversely impact the student's ability to complete the program or obtain gainful in-field employment.

An Enrollment Agreement found to contain incomplete, false, or misleading information may lead to dismissal. Upon receiving the contract and fee, SCC applicants are responsible for ensuring the completion of their admission file.

SCC's admissions representative will guide students on the necessary documents needed to start a program of study. All required documents must be submitted to the school before the program start date. Students must complete the admissions process and attend the first day of class for all programs.

Classes are filled on a first-come, first-served basis. Initially, the applicant meets with an admissions representative to discuss career opportunities and the enrollment process.

✓ **Admissions Policy for Applicants with Felony Charges and/or Convictions**

Southeast California College does not accept admissions applications from prospective students with felony charges and/or convictions. The College believes that students should not invest significant time, money, and potential debt if they are unlikely to secure employment in their field of training. If you have a felony charge and/or conviction, or any

SOUTHEAST CALIFORNIA COLLEGE
College Catalog

criminal misdemeanor, please disclose this information to your Admissions Representative for further assistance.

✓ **Entrance Exam**

Following an interview with an admissions representative covering the prospective student’s personal, educational and employment history, the student will take an Entrance Exam (if applicable). Passing the Entrance Exam demonstrates that he/she can perform in the classroom at the level required for each program, and the institution may then proceed with enrollment. Students meeting the Transfer of Credit Policy for a program are exempt from having to take the Entrance Exam.

Students applying for the Vocational Nursing (VN) programs must take the ATI TEAS-VI (Test of Essential Academic Skills) which is designed to measure overall academic preparedness for nursing related content. The VN applicant must at least obtain an **overall score of Basic or higher**. The overall score is intended to correlate with the applicant’s program success.

TEAS® V Proctored Assessment		OVERALL (150 items)	Reading (42 items)	Math (30 items)	Science (48 items)	English and Language Usage (30 items)
Cut Scores	Developmental	< 41.3%	< 47.6%	< 46.7%	< 33.3%	< 40.0%
	Basic	41.3%	47.6%	46.7%	33.3%	40.0%
	Proficient	60.0%	69.0%	63.3%	45.8%/ 54.0% (TC)	60.0%
	Advanced	78.0%	83.3%	86.7%	66.7%	80.0%
	Exemplary	90.7%	95.2%	96.7%	81.3%	93.3%

Applicants will be allowed a maximum of two attempts, with a minimum of 2 weeks between attempts, to pass the admission exam. If an applicant does not pass the TEAS after two attempts, they must wait for a period of 6 months to retest and must provide proof of remediation. TEAS scores must be within one (1) year of the date for the VN program.

Students applying to the following programs must achieve or surpass the entrance exam baseline score levels outlined in the table below for the Wonderlic Basic Skills Test (WBST). This demonstrates their suitability for studying in the specific program for which they have applied.

Program	Verbal	Quantitative
	<i>Baseline Score to Pass</i>	<i>Baseline Score to Pass</i>
Medical Assistant	365	265

(Source: Wonderlic Basic Skills Test User’s Manual for Ability-to-Benefit Testing - © 2010 Wonderlic, Inc.)

Applicants are permitted to make two attempts to achieve the required entrance level results. If unsuccessful, a six-month delay will be imposed before the applicant can retest as part of the entrance exam requirements.

✓ **English Language Proficiency**

All students demonstrate English proficiency by passing the ATI TEAS (for the VN Program), or WBST (For Certificate Programs other than the VN Program). Information about passing scores can be found in the previous section, "Entrance Exam."

✓ **Admissions Status**

A student is granted Admitted status by SCC after all documents have been received, the applicant's admission file has been reviewed and all admission requirements have been met.

✓ **Official Diploma/Transcript**

As appropriate, an applicant must submit an official high school diploma/transcript or official degree/transcript reflecting all work taken at institutions of education. Applicants who did not graduate from an accredited high school but received a General Education Development (GED) certificate or passed the HiSET, TASC, or other state-authorized examinations must provide documentary proof of certification or official transcripts reflecting all work taken at institutions of higher education.

✓ **Foreign Transcripts**

All academic records from countries other than the United States must be evaluated by the credential evaluation services of an agency that has published standards for membership, affiliations to national international higher education associations, and are frequently linked to and used by federal agencies, state agencies, educational institutions and employers (e.g. National Association of Credential Evaluation Services or NACES: <http://www.naces.org/members.html> and Association of International Credential Evaluators, Inc. or AICE: <http://www.aice-eval.org/members/>).

✓ **Assessment for Admission**

The school reserves the right to accept or reject an applicant based on their character reference, scholastic status, and/or financial status. Assuming all admissions requirements and standards are met, and the applicant is motivated and prepared to commit financially and personally to their chosen training program, an enrollment agreement between the school and the applicant may be signed. The first payment may be made (prior to the first day of class, unless other arrangements are made, the student is required to pay in full: the registration fee, cost of books & equipment, and the first tuition payment), and a start date may be set.

✓ **Transfer of Credit Policy**

Southeast California College (SCC) considers credit from other institutions accredited by an agency recognized by the United States Department of Education (DOE) or the Council for Higher Education Accreditation (CHEA).

Students must complete a minimum of 50% of credits to be completed in residence for

certificate program. Transferred credits will be excluded from the calculation of grade point averages (GPA).

The Program Director will evaluate and transfer any credits for previous education or training that are deemed appropriate and satisfactory, and meet the following minimum requirements:

- Transferable courses must have a passing grade or equivalent from no longer than 5 years ago.
- Courses earned in foreign institutions will be evaluated using standards established by an agency which attests to the qualitative and quantitative equivalency of the foreign education and the specific course or courses for which transfer credit is to be awarded (e.g. NACES: <http://www.naces.org/> and AICE: <http://www.aice-eval.org/>).
- Official Transcripts from the previous institution must be submitted before credit is granted.

Southeast California College determines the courses that are equivalent to the courses in the program and are acceptable for credit.

Additional Admissions Requirements for Vocational Nursing Program

- Applicants must submit a background check and be cleared of any criminal charges.
- Applicants must pass a urine drug screening test.
- Applicants satisfactorily complete an interview with the Director or Assistant Director of the Vocational Nursing program.
- Alternate Students - May admit alternate students in each new class to replace students who may drop out:
- The number of alternate students admitted may not exceed 10% of the school's Board-Approved number of students per class.
- Prior to admission, alternate students will be informed in writing of their alternate status and that they may be dropped from the cohort during Term I.
- Alternate students may participate in classes until the commencement of scheduled clinical experience at approved clinical facilities.
- Alternate students, in good standing, may be officially admitted to the program if an accepted student drops out.
- Alternate students' enrollment will be cancelled and all monies will be refunded except registration fee, used books & supplies, and ATI fee if no student drops out before the beginning of the clinical experience. Alternates will be offered a guaranteed seat in the next available class, so long as the alternate maintains satisfactory progress and complies with all Vocational Nursing program and College policies and procedures.

3.3 Orientation

Every prospective new student must be physically present on campus, attend via video

conferencing, or complete the Orientation webinar before the first day of class to finish the enrollment process and orientation.

The purpose of orientation will be to review and explain:

- All attendance and classroom policies
- Students' responsibilities concerning preparedness for classes
- The services provided by the school
- The conduct expected of SCC students and graduates in their fields of study

3.4 Re-enrollment

Any student who wishes to re-enroll in the same program should first submit in writing a letter to SCC, noting the reason for initial withdrawal and reasons for desire to re-enroll. Any student who re-enrolls must sign a new enrollment agreement at the current tuition rate.

Re-enrollment is appropriate if a student:

- Withdrew from the College
- Interrupted continuous program enrollment during class
- Was dismissed or suspended for nonacademic reasons
- Invalidated a leave of absence
- Plans to return for graduation

Students who left in good standing and who are re-enrolling in their previous major will be approved to re-enroll.

Students who have been terminated or dismissed for unsatisfactory progress from the College may apply for re-admission at the direction of the School Director or the Program Director. To be considered, the student must demonstrate that the issues leading to the termination or suspension have been addressed. The School Director or the Program Director will review all such cases and may impose certain requirements on students seeking readmission.

Every re-enrollment request will be reviewed, and a status report will be returned to the student.

3.5 Reinstatement Policy

Whether due to probation, termination, suspension or personal reasons, students who have been in any one of these conditions may be reinstated upon approval of the School Director. Students must request reinstatement in writing and deliver it to SCC. All requests are determined on an individual basis. Please submit a request in person to an Admissions Representative at 225 East Airport Drive, Suite 150/110, San Bernardino, CA 9408 as applicable.

4. FINANCIAL INFORMATION

Trained staff members are available to assist students with general financial questions regarding the loan application process, file status, state funding programs, policies and procedures.

4.1 Tuition and Other Fees* - Certificate Program

Program Title	Total Charges for the Current Period of Attendance	Reg. Fee (Non-Refundable)	STRF Fee** (Non-Refundable)	Estimated Tuition Per Term/Level/PMT Period	Estimated Total Tuition	Estimated Books & Equip. & Other Fees	Estimated Total Charges for the Entire Educational Program
Medical Assistant	\$4,558.50	\$50.00	\$0.00	\$3,189.00/ PMT Period	\$6,377.00	\$1,300.00	\$7,727.00
Vocational Nursing	\$7,766.31	\$100.00	\$0.00	\$5,485.00/ Term	\$21,942.25	\$4,805.50	\$26,847.75

*Students receiving assistance may have varying fees associated with their chosen field of study which are not reflected in the table above.

**Effective April 1, 2024, the Student Tuition Recovery Fund (STRF) assessment rate will be zero dollars and zero cents (\$0.00) per one thousand dollars (\$1,000) of institution charges.

4.2 Tuition Payment Policy

Upon enrollment, students are responsible for paying their tuition costs in full, either through direct payment or a financial plan. Tuition is payable in advance and due at the time of enrollment, with students having the option to enroll under one of SCC's tuition payment plans. All payment arrangements must be made in advance. A student's tuition payment obligation is divided into payment periods ranging from one to six increments, depending on the program. Students are expected to fulfill their payment obligations at the beginning of each payment period.

Students are solely responsible for the full payment of their tuition in order to graduate. The school reserves the right to withhold a document of completion from any student who has not fully paid their tuition.

SCC is not a lending institution. Tuition for any program must be paid on a pre-arranged date according to the contract. If payment is not made as agreed, the student may be suspended until their tuition is current. This situation may require the student to continue their studies with another group.

4.3 Processing Fees & Late Fees

A late fee of \$25.00 will be assessed for each course if the student's tuition payment is not received according to the terms of their financial agreement. Additionally, a processing fee of \$25.00 will be charged for any returned checks. If a student completes a program of study with

SOUTHEAST CALIFORNIA COLLEGE

College Catalog

an outstanding balance, the account must be paid in full before graduation. A nominal fee will be applied to all credit card transactions.

4.4 Tuition Collection Policy

Students have the option to pay their tuition in full, including fees, through out-of-pocket payments and any funds received through institutional loans, after acceptance and enrollment, with the date of the first class session specified in the enrollment agreement. Students must clear their tuition balance by the last day of attendance to avoid their account becoming outstanding.

Collection Process

Letters and email blasts will be sent out on prearranged days to inform and attempt collection of past due balances before being reported to the collection agency.

- ✓ *30 Days Past Due*- An email will be sent to student's email address and a letter to any other address on file. *Hold will remain or placed.
*Hold - Student may not obtain a transcript, view grades or re-enroll until the amount is paid in full.
- ✓ *60 Days Past Due*- Past due email and warning letter are sent out.
- ✓ *90 Days Past Due*- Final letter will be mailed. **This is the Final Notice.**
- ✓ Student will have 14 days to respond from and repay debt before account is sent to collections.

Collection Placement

After the 14 days, from final notice, all accounts greater than \$250.00 will be referred to the collection agency.

- ✓ Accounts with the agency will incur collection costs
- ✓ The debt will be reported to credit bureaus.
- ✓ Student may not re-enroll until balance is paid in full.

*Accounts under \$250.00 will remain in-house and acquire a 15% penalty fee, from the original unpaid balance.

Any questions regarding this policy may be directed to the Business Office.

4.5 Refund Policies - Certificate Programs

(In Compliance with CA. Ed. Code §94911(e)(1))

Prior to the Start of Classes

If an applicant is not accepted by the College, all monies paid, including tuition and registration fees, will be refunded. The College reserves the right to cancel a class before the first scheduled class day. In the event of a class cancellation, the student is entitled to a full refund, including the registration fee. If an accepted applicant does not start classes, all monies paid, including tuition

and registration fees, will also be refunded.

During the Cancellation Period

The Student has the right to withdraw from the program at any time, including the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later.

To withdraw or cancel the enrollment agreement, the Student must send a written Notice of Cancellation or Letter of Withdrawal via email, letter, or deliver it in person, postmarked no later than the end of (a) the first class session or (b) the seventh day after enrollment, whichever is later. Compliance with this policy will result in a full refund, less the registration fee, which shall not exceed \$250.00.

After the Cancellation Period

If a student withdraws from the certificate program after the allowed period for cancellation of the enrollment agreement, SCC will calculate a refund of tuition, fees, or supplies (books and/or equipment) for the period of attendance. The refund amount will be the difference between earned and unearned charges for that period. Refunds will be processed automatically within 45 days of the last day of attendance, which is considered the drop or withdrawal date.

Books and/or equipment purchased from SCC must be returned to the school in "like new" condition within the cancellation period, or the student will be liable for the full cost. If the student owes the school for books and/or equipment, they must return these items in good condition within 30 days to receive the refund. If the student fails to return them within 30 days, the fair market value of the books and/or equipment will be deducted from the refund amount.

SCC provides a pro rata refund of nonfederal student financial aid program monies paid for institutional charges to students who have not completed 100 percent of the period of attendance for certificate programs. For students receiving funds through the Federal Student Aid program, unearned funds will be returned to lenders or grant programs in the order required under federal law.

It is the policy of the institution to issue refunds according to the distribution policy disclosed in the school catalog.

If the amount you have paid exceeds the amount owed for the time you attended, a refund will be issued within 45 days of the withdrawal date. If the amount you owe is more than what you have already paid, you will need to make arrangements to pay the remaining balance.

4.6 Refund Procedures & Refund Method & Pro Rata Refund Calculation Module – Certificate Programs

Refund Procedures

To request a refund, a student must complete and submit a Notice of Cancellation/Withdrawal form or deliver a written letter to the Registrar’s Office stating their intent to cancel or withdraw from the College when voluntarily withdrawing. (The College will complete a Notice of Drop from the Program form when a student is dropped involuntarily.) A written letter of cancellation or withdrawal does not need to follow a specific format and is effective as long as it clearly

SOUTHEAST CALIFORNIA COLLEGE

College Catalog

indicates the student no longer wishes to be bound by the Enrollment Agreement.

The Notice of Cancellation/Withdrawal form, available from the Registrar's Office, or a written letter of cancellation or withdrawal can be mailed, faxed, emailed, or submitted in person once completed. Refunds will be mailed within approximately two to six weeks. Ensure your current mailing address is on file with the College. Refunds, when due, will be processed without requiring a request form from the student and will be issued within 45 days of the last day of attendance.

Refunds are issued via check only. If a payment is made by credit card for any registration transactions and you later drop any or all of your classes within the required refund period, the refund amount will not be credited back to your credit card account. All refund checks are made payable to the student by the Business Office.

Refund Method

For non-federal student financial aid program funds, the College's refund policy provides a pro rata refund of monies paid for institutional charges for students who have completed 60 percent or less of the attendance period for certificate programs. At Southeast California College, this pro rata refund is applied to students who have not completed 100 percent of the attendance period for certificate programs.

- i. Determine the total amount of tuition and fees charged to the student; deduct the one-time charges such as the registration fee and the cost of used equipment, books, and supplies fees from the total charges (Not that unused books, educational supplies and equipment are not included in this offset, and will be separately evaluated on a case-by-case basis).
- ii. The hourly charge for instruction is calculated by dividing the tuition cost by the number of hours in the program.
- iii. The amount owed by the student for purposes of calculating a refund is derived by multiplying the total hours measured from the first day of instruction as set forth in the Enrollment Agreement through the Last Date of Attendance (LDA) regardless of absences by the hourly charge for instruction. This is the prorated tuition.
- iv. The prorated tuition is added to the registration fee and the cost of used equipment, books, and supplies issued by the College to determine the total amount of charges the student is obligated pay.
- v. The amount the student has paid for the program is subtracted from the amount the College is allowed to retain to determine if the student has a balance or a refund is due.

Pro Rata Refund Calculation Model (Have not completed 100% of period of attendance)

A student enrolls in a certificate program consisting of 900 clock hours, with the enrollment agreement reflecting the following charges: The cost per clock hour is \$12.40 (\$11,160 tuition / 900 clock hours). For this program, the costs for the period of attendance would be: $\$12.40 \times 450$ clock hours = \$5,580 tuition, plus a non-refundable registration fee of \$50 and any fees for equipment/supplies purchased from the College. A student paid \$5,912 (\$5,580 tuition, \$50 non-refundable registration, and \$282 for books/supplies/equipment) for this period of attendance. If

the student stops attending after 200 clock hours scheduled through the Last Day of Attendance (LDA), the refund calculation is as follows:

Example Refund calculation for a Student Withdrawing After 200 clock hours scheduled through the LDA (For less than the period of attendance)	
Tuition for this period of attendance	\$5,580.00
Non-refundable Registration	\$50.00
Used Books/Equipment/Supplies	\$282.00
% of Clock hour Completed if Student Withdraws (when calculating percentages, round to three decimal places, for example, 4486 = 449, or 44.9%)	200/450 hrs or 44.4%
% of Tuition Paid Due as Refund* (rounded to three decimal places%)	55.6%
Pro Rata Tuition Refund Due to Student (\$5,580 - \$2,477.52)	\$3,102.48
Total Amount Retained by Southeast California College (\$2,477.52 of tuition & \$50 of non-refundable registration & \$282 of used equipment/supplies)	\$2,809.52**
**\$2,809.52 = \$5,912 - \$3,102.48	

If any portion of the tuition was paid from the proceeds of a loan, the refund shall be sent to the lender or, if appropriate, to the State of Federal agency that guaranteed or insured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any Student Financial Aid Program from which the Student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the Student.

4.7 Statement of Indebtedness

The student is responsible for the amount of course instruction. If the student obtains a loan for the course of instruction, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student has received federal financial aid funds, the student is entitled to a refund of the monies not paid from federal student financial aid program funds.

If the student is eligible for a loan guaranteed or insured by the State or Federal government and the student defaults on the loan:

- I. The Federal or State government or the loan guarantee agency can take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
- II. The student may not be eligible for any other Federal financial assistance for education at a different school or for government housing assistance until the loan is repaid.

4.8 Student Tuition Recovery Fund (STRF) Statement

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the

STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd., Suite 225, Sacramento, CA 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120-day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that

would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Note: Authority cited: Sections 94803, 94877 and 94923, Education Code. Reference: Section 94923, 94924 and 94925, Education Code.

The Office of Student Assistance and Relief is available to support prospective students, current students, or past students of private postsecondary educational institutions in making informed decisions, understanding their rights, and navigating available services and relief options. The office may be reached by calling (888) 370-7589, Option #5 or by visiting www.bppe.ca.gov.

5. ACADEMIC POLICIES

For specific program policy, see Student Handbook.

5.1 Definition of Clock Hour and Credit Hour

Southeast California College measures student progress in clock hours for Certificate Programs. The number of clock hours assigned to a course usually reflects the combination of class, laboratory, and/or externship/clinical hours required in the course.

34 Code of Federal Regulations (CFR) §600.2 Definitions: The following definitions apply to terms in this part:

Clock hour: A period of time consisting of –

- (1) A 50- to 60-minute class, lecture or recitation in a 60-minute period;
- (2) A 50- to 60-minute faculty-supervised laboratory, shop training, or internship in a 60-minute period.

5.2 Grading Policy

A student's progress and quality of work in the certificate program are evaluated using letter grades and corresponding percentages, as outlined below. Assessments encompass written tests, projects, reports, term papers, and clinical performance. The final grade reflects a composite of all these evaluation methods.

Timeline for Evaluation & Grades (Progress Records) Process (Residential Education):

Upon receiving student lessons, projects, or tests, Southeast California College instructors will provide feedback or evaluations within 72 hours, or three (3) business days. Instructors

SOUTHEAST CALIFORNIA COLLEGE

College Catalog

must submit final grades to the Registrar's Office within seven (7) calendar days after the term's scheduled completion. Within seven (7) calendar days of receiving final grades, the Registrar's Office will make evaluations available to students through Report Cards, which can be requested by email, mail, or in-person pick-up.

5.3 Grading Standards - Certificate Program

The grading standard is according to the following system:

Theory (All Certificate Programs)			
Grade	Score (%)	Grade Explanation	Grade Point
A	100 - 90	Excellent	4.0
B	89 - 80	Very Good	3.0
C	79 - 75	Good	2.0
F	Below 75	Failing	0.0
CR		Credit	Credit
NC		No Credit	N/A
I		Incomplete	N/A
W		Withdrawal	N/A

All numerical grades are rounded to the nearest whole number (e.g. 74.51 rounded to 75%)
"I" may be made up upon arrangement with the instructor.

These letter grades are used on transcripts and in computing grade point averages. Instructors may use plus (+) or minus (-) notations, but such notations are not used in final GPA computations.

Lab/Clinical/Externship*

Grade	Grade Explanation
Pass	Complete Lab/Clinical Objectives & Satisfactory Lab/Clinical Evaluation
Fail	Incomplete Lab/Clinical Objectives & Unsatisfactory Lab/Clinical Evaluation

**In case of the Medical Assistant Program, the Instructor will tally Earned Score over Maximum Score to generate a percentage and corresponding letter grade for both the Laboratory and Externship.*

Additional codes include:

Code	Explanation of Code
RP	Repeat a Course
AU	Audit
R	Remediation

5.3.1 Method of Evaluation

SOUTHEAST CALIFORNIA COLLEGE

College Catalog

The final letter grade may be determined by various factors including attendance/participation, quizzes, examinations, final exams, homework assignments, term or research papers, and/or final projects, as outlined in the course syllabus at the faculty's discretion. All examinations and assignments must be completed and submitted on the assigned dates. Students must achieve a passing score to pass the course; failure to do so will result in course failure and placement on academic probation during the course retake.

5.4 Probation and Remediation Policy

Probation and remediation vary by program. In certificate programs, students must achieve an average score of C or higher to pass. Each certificate program offers remediation opportunities tailored to its specific requirements. For a detailed overview of the Program-Specific Remediation Policy, please refer to the Student Orientation Package and the Program Handbook.

5.5 Non-Punitive (pass/fail) grades

SCC does not offer Non-Punitive (pass/fail) grades.

5.6 Make-Up Classes

Students must make up any missed classes to advance to the next module/term and achieve graduate status.

5.7 Auditing a Class, Non-Credit Courses and Repeating a Class

SCC does not charge for auditing a course or for any course where the grade is not counted toward graduation requirements. This does not apply to repeats of required courses that the student has failed. The right to audit and the extent of auditing vary depending on the class and instructor. Not all classes are available for auditing.

A student may retake any course on their transcript, regardless of the grade earned, and have the original grade replaced with the notation 'RP' for completed courses. For GPA calculation, the grade from the second enrollment will replace the grade from the first enrollment.

A student may not retake the same course a third time unless they received a 'NC' (no credit) or 'NP' (not passed) on the second attempt. When a student completes a course for the third time, only the grade and units from the third completion will count toward the cumulative GPA, with the grade from the second enrollment being replaced by 'RP.' Both the original and repeated attempts will be included in the rate of progress calculations.

5.7.1 Course Audit Policy

Auditing is a registration status that allows students to attend a course without earning credit. Audited courses do not contribute to enrollment status for academic standing.

If space is available, a student may audit a course with written approval from the Program Director (or designee) obtained before the start of the module or term. Auditing is limited to regularly registered and enrolled courses.

Arrangements must be made directly with the faculty member, following any guidelines set by the instructor. Typically, students auditing a course do not participate in discussions, exams, or written assignments but are required to attend classes.

The level of participation for auditing students is at the instructor's discretion. Students are limited to auditing one course per module/term. No traditional letter grade is given, and no credit is awarded; the course will be noted on the student's transcript with an "AU" (audited).

5.8 Testing Policy

1. If possible, the student must inform the instructor in advance if the student will be unable to attend class on a scheduled examination day.
2. If the absence is due to illness or emergency, written verification must be submitted to the instructor in order to be eligible for a make-up examination.
3. Students will be permitted to re-test for any grade below passing at the discretion of the instructor.
4. The make-up testing schedule is determined by each individual instructor and presented at the beginning of a class.

5.9 Failure to Complete the Program

There are four possible results if students fail to complete the program as originally enrolled. Failure to take the appropriate steps can lead to an F in the student's permanent records.

1. **Withdrawal:** It is always the last date of academic attendance as determined by the school from its attendance records.
2. **Leave of Absence:** A LOA status can be granted once for a certificate program during a student's academic career. The leave cannot exceed a maximum of 180 calendar days. *Please refer to the LOA policy (5.15) for further information.*
3. **Fail:** A student whose grade is below C fails the course, receiving an F. These students may be readmitted in a future term to strive for a higher grade after a Program Director evaluates and approves his/her readmission.
4. **Incomplete:** Ordinarily, a grade of "I" (Incomplete) is not permitted except for extraordinary circumstances. Incomplete grades will automatically convert to a grade of "F" 6 months after the scheduled end of the course if the student has not completed the coursework and earned a letter grade by that time. Students may not use a grade of "Incomplete" to avoid a failing grade. A grade of "I" will be granted only if the following conditions are met:

- a. The course instructor agrees to grant the grade of “Incomplete” (I).
- b. The student’s overall grade is a “C” or better at the time the I grade is requested
- c. The student has completed all coursework (including assignments and tests) except for one or two items. Specifically, 75% or more of the course must be complete at the time the Incomplete is requested.
- d. The student provides documentation of a personal or family situation (e.g. death of an immediate family member or sudden illness of the student or a family member) that would reasonably prevent a person from completing the course.
- e. The Provost and Program Director agree that the Incomplete may be granted.
- f. The student provides a written plan for completing the coursework within 30 days of the end of the course.

5.10 Withdrawal from Program

Students may withdraw from the College at any time after the cancellation period and receive a prorated refund if they have completed less than 100 percent of the scheduled clock hours in their program's current attendance period for certificate programs. The refund will be calculated after deducting a registration fee and any charges for equipment not returned in good condition within 30 days of withdrawal.

Students intending to withdraw should contact their Program Director and the Registrar and are strongly encouraged to consult with the Business Office. Regardless of the withdrawal circumstances or the date of notification, the official withdrawal date will be recorded as the last date of class attendance.

- **Voluntary Withdrawal:** To be considered a voluntary withdrawal, the student must notify the College of his/her intent to withdraw. The Notification of Cancellation is available from the Registrar’s Office and can be mailed, faxed, emailed or submitted in person once completed.
- **Involuntary (Administrative/Termination/Dismissal) Withdrawal (Drop Out):** The College will fill a Notice of Drop from Program form when a student is dropped involuntarily. A student will be dropped by the College for the following reasons:
 - a. failure to attend classes for a period of 14 consecutive calendar days;
 - b. failure to return from a Leave of Absence (LOA);
 - c. violation of the student Code of Conduct, pursuant to College disciplinary procedures;
 - d. violation of the satisfactory academic progress policy; and
 - e. serious violation of any College policy, pursuant to College disciplinary procedures.

5.11 Transfer of Credits Policy

NOTICE REGARDING THE TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

- (a) The transferability of credits you earn at this institution is entirely at the discretion of the institution to which you may transfer. Similarly, the acceptance of any certificate earned from this institution is also at the discretion of the receiving institution. If the credits or

SOUTHEAST CALIFORNIA COLLEGE

College Catalog

certificate you earn here are not accepted by the institution you wish to transfer to, you may need to repeat some or all of your coursework. Therefore, it is important to ensure that attending this institution aligns with your educational goals. You should consider contacting the prospective institution to verify if your credits or certificate will transfer.

- (b) If the institution provides a general student brochure, it must be given to the prospective student before enrollment. Additionally, if a program-specific student brochure is available for the program the prospective student is interested in, it must also be provided before enrollment.
- (c) An institution shall provide the school catalog to any person upon request. In addition, if the institution has student brochures, the institution shall disclose the requested brochures to any interested person upon request.

Southeast California College does not admit ability-to-benefit students.

Southeast California College has not entered into an articulation or transfer agreement with any other college or university.

Southeast California College does not award credit based upon challenge examinations or achievement tests.

5.11.1 Transfer of Credits Policy for General Certificate Programs

Southeast California College (SCC) considers credit from other institutions accredited by an agency recognized by the United States Department of Education (DOE) or the Council for Higher Education Accreditation (CHEA).

Credit toward curriculum requirements may be given to students who are admitted if the following requirements are met:

1. The previous education must have been completed within the last five years and completed with a passing score from a previous institution, or equivalent.
2. Transcripts from a previous institution must be submitted before credit is granted.
3. Southeast California College determines the courses are equivalent to courses in the program and are acceptable for credit.

5.11.2 Transfer of Credits Policy for Vocational Nursing Program

Southeast California College (SCC) considers credit from other institutions accredited by an agency recognized by the United States Department of Education (DOE) or the Council for Higher Education Accreditation (CHEA).

Credit toward curriculum requirements may be given to students who are admitted to the Vocational Nursing Program if the following requirements are met:

1. The previous education must have been completed within the last five years and completed with a passing grade of C, a passing score from a previous institution, or better.
2. Transcripts from a previous institution must be submitted before credit is granted.
3. The following courses are acceptable for credit:
 - a. Accredited vocational or practical nursing courses
 - b. Accredited nurse assistant programs
 - c. Accredited registered nursing courses
 - d. Accredited psychiatric technician courses
 - e. Armed service nursing courses
 - f. Other courses the school determines are equivalent to courses in the program.
4. Any credit granted is always at the discretion of school administration and follows the regulations of the Bureau of Vocational Nursing and Psychiatric Technicians.

5.12 Advanced Placement and Credit for Experiential Learning

Southeast California College does accept transfer credits for Advanced Placement (AP) coursework or examinations. However, at this time, the college does not accept or grant credit for Prior Experiential Learning.

5.13 Attendance Policy

5.13.1 Certificate Programs

Students are expected to attend all clock hours of their enrolled program. For the Vocational Nursing Program, excused absences are allowed, but all other missed clock hours must be made up according to a specified schedule, which should be coordinated with the Instructor or Program Director. Absences and tardiness will be reviewed individually to determine whether the student will be retained or dismissed from the program. Contagious illnesses, the death of a family member, and other significant reasons for absence will be considered in the retention decision. Documentation supporting any absence or tardiness must be submitted to the Program Director. Students are responsible for all material covered during their absence.

The attendance policy will be in effect from the first day of the program:

1. Students must arrive 15 minutes before the start of class.
2. Three incidents of tardiness will lead to a student being marked absent.
3. A student who arrives late or leaves early by more than 15 minutes is considered absent.
4. All absences must be made up.
5. Make up for theory absences may be done by Board-regulated acceptable methods, as determined by an instructor. This may include missed time and course objectives for each absence.
6. Make up for clinical absence must be done in the clinical area supervised by an

instructor. Make up can also be done in the skills laboratory with an instructor present.

7. All absences require legitimate documentation as cause (e.g. Doctor's excuse, official court record, jury summons, bereavement notice, etc.).

EXCUSED ABSENCES (Vocational Nursing Program Only)

Absences due to illness, jury duty, or family and other emergencies are considered excused and must be supported by documentation provided to the instructor either before or immediately upon the student's return to class. Each term, a student may have up to two (2) excused absences (a maximum of 4%), with any additional absence hours accumulating. No more than 10% of the clock hours in a payment period may be classified as excused absences. Students are always responsible for completing all oral and written examinations, as well as assignments (e.g., projects, papers, reports), and must adhere to the course protocol established by the faculty member (syllabus, outlines, etc.).

EXCESSIVE ABSENCES

Excessive absences can result in a drop or dismissal from class. If a student's absences in a specific period exceed the number of hours the class meets per week, the student may be prohibited from further attendance in the class. Students who have been absent from all of their courses for 14 consecutive calendar days will be terminated from the training program. *Please refer to 5.10 'Withdrawal from Program'.*

5.14 Expulsion Policy

Students may be expelled from the college when their conduct is deemed unacceptable or for the following reasons:

- Failure to maintain satisfactory grades
- Failure to achieve satisfactory clinical performance
- Failure to represent Southeast California College in a professional and ethical way
- Failure to abide by the college's rules, including attendance policy

5.15 Leave of Absence (LOA) Policy

A leave of absence (LOA) is a temporary pause in a student's program of study, during which the student is not in attendance. An LOA is not necessary if the absence is solely due to a scheduled program break, although a scheduled break can occur during an LOA.

The purpose of an LOA is to allow students to take an extended break from college without having to withdraw or negatively impact their satisfactory academic progress. An LOA can be authorized by the Program Director, School Director, or a designated representative. Reasons for granting an LOA may include, but are not limited to: serious medical issues, pregnancy, military duty, or the death of an immediate family member.

A leave of absence (LOA) may be granted once for a certificate program and up to three times for a degree program during a student's academic career. Under no circumstances can an LOA

exceed 180 calendar days within any continuous 12-month period. Students who are unable to return to full-time or part-time status by the end of their LOA will be considered to have withdrawn from Southeast California College.

- I. LOA will be allowed for emergency, illness or pregnancy. Students will be required to continue their instruction in the next available class at the point where their studies were interrupted, at the discretion of the School Director/Academic Director and pending space availability.
- II. The LOA, together with any additional leaves of absence, must not exceed a total of 180 days in any 12-month period.
- III. The time taken for a LOA will not be counted against the maximum allowable time for program completion. Hours of the program will resume when the LOA is officially completed.
- IV. LOA may only be granted to a student who maintains a GPA of 2.0 or greater. The GPA requirement does not apply to a new student who have not completed at least one (1) full academic module or term at the College.
- V. The student will incur no additional tuition charges during an approved leave of absence.

Requesting LOA Procedure:

- Students must outline the reason for their leave in writing and submit it to the Registrar who will present the request for approval to the School Director/Program Director.
- The Registrar will notify students are approved or denied for leave with a letter.

Returning from a LOA Procedure:

1. Students on personal leave must meet with their Program Director prior to resuming studies.
2. Any conditions set for a return from leave, such as a letter of clearance from the student's physician for medical leave of absence, that are specified in the letter of approval from the School Director/Program Director must be met before the student may resume his/her studies.
3. Copies of said forms must be forwarded to the Registrar.

Warning:

SCC cannot guarantee a particular return date for students interrupting their training. Consult with the school catalog, student program handbook and your Program director before considering taking a LOA.

5.16 Graduation Requirement (For specific program policy, see Student Handbook)

Students enrolled into any program will be considered “graduates” after meeting the following requirements:

- Must achieve passing grades for the program
- Must complete the all required courses with an overall grade-point average (GPA) of at least 2.0 for certificate programs.
- Must maintain satisfactory attendance
- Satisfactory completion of all the courses in a program
- Must be in good financial standing with the college
- **Must meet the program specific graduation requirements stated in each program student handbook**

A Certificate of Graduation will be awarded to each graduate upon completion of the graduation requirements.

**Students unable to satisfy the graduation requirements within the allotted time may appeal.*

5.17 Licensure/Certification Process

Under California law, the College is required to take reasonable steps to ensure that you are eligible for licensure if you choose a program that prepares you for a field where licensure is required. Carefully review these requirements and conduct additional research if you have any concerns about meeting licensure criteria. Note that licensure requirements may differ in other states. Students are responsible for obtaining the most up-to-date application requirements for any state where they plan to seek employment.

Licensure/Certification Process

Completion of the following programs enables the student to take or submit application with appropriate fees for licensure or a certification examination.

Vocational Nursing Program - Licensed Vocational Nurse (LVN)

Vocational Nursing graduates must become licensed by the Board of Vocational Nursing and Psychiatric Technicians (BVNPT) to practice as a Licensed Vocational Nurse (LVN) in the State of California. Vocational Nursing graduates will become licensed by taking and passing the NCLEX-PN, a year-round computer-adaptive vocational nurse licensure examination and by completing application to the BVNPT with appropriate fees.

1. Must be a graduate of a California Approved School of Vocational Nursing.
2. Must complete application to the Bureau of Vocational Nursing & Psychiatric Technicians (BVNPT) and pay appropriate fees;
3. Must complete application for National Council Licensure Exam and pay appropriate fees; and
4. Must schedule a computer Adapted Testing Exam time with the appropriate agency.

Summary of Requirements for Licensure as a Vocational Nurse*

https://www.bvnpt.ca.gov/applicants/summary_vn.shtml

1. Be at least 17 years old; and
2. Completion of the 12th Grade of schooling or its equivalent (furnish proof).
3. Complete the Record of Nursing Program Form.
4. Completed fingerprints using either Live Scan or fingerprint card (Hard Card) processing method pulling records from the Department of Justice (DOJ) and the Federal Bureau of Investigation (FBI).
5. Submit the appropriate nonrefundable fee to the "BVNPT".
6. The processing time is 4-6 weeks for Method 1 Applications and up to 26-weeks for Method 2 Applications. Once the Eligibility Notice from the Board is received, the student is now able to register with Pearson Vue, pay the fee and schedule their NCLEX date.
7. Successful completion of a written examination titled the National Council Licensing Examination for Practical (Vocational) Nursing (NCLEX)
8. When the requirements of Steps 1-8 have been successfully met, student can submit to the Board the Initial License Fee to be paid. The license fee is in addition to the application fee. If there are no obstructions, the student will be able to pull up their License Number on the Board's website within 24-hours.

For further information regarding the requirements for eligibility for licensure in the State of California, please refer to the BVNPT website:

<https://bvnpt.ca.gov/applicants/index.shtml>

Certification Process – Voluntary Process

Although it is not required to work as a Medical Assistant in California, you may pursue the CMA credential. Completion of the following program enables the student to take or submit application with appropriate fees for a certification examination.

Medical Assistant

1. Eligible to apply for certification through the Association of Medical Assistants (AAMA) <https://www.aama-ntl.org/> or the National Center for Competency Training (NCCT) <https://www.ncctinc.com/certifications/ma> or other organizations, earning them a title such as Certified Medical Assistant (CMA), although this is not required to work as a Medical Assistant in California.

5.18 Transcript Requests

Transcript requests from graduates of Southeast California College should allow up to ten (10) business days to process. The first transcript is free, followed by a \$10 fee for each additional transcript.

5.19 Satisfactory Academic Progress

The purpose of measuring and enforcing SAP standards is to ensure that students are progressing towards academic program completion in accordance with the institution's academic standards with respect to qualitative performance (e.g., GPA) and at a required pace, within a maximum

timeframe. SCC’s Satisfactory Academic Progress (SAP) Policy is designed to reinforce the connection between student finance and successful academic performance.

Student progress is assessed at the end of each payment period based on the standards outlined below. Any academic transcripts from transfer students received by the Student Finance Office will be evaluated according to this SAP Policy (see chart below).

The academic progress for all programs are based on three measures: cumulative grade-point average or percentage (Qualitative standard), completion rate based on hours earned compared to hours attempted (Quantitative standard), and a maximum timeframe for the program completion. The following describes SCC’s standards for each of these measures.

Students in a Clock Hour (Certificate) Program

Minimum GPA (Qualitative)	Per Term Completion Rate(Quantitative)	Overall Maximum Time Frame
2.0	Successfully Completed Hours/Scheduled Hours & Weeks needed to successfully complete hours attempted/ Actual weeks attempted <u>Standard set by school is 67%</u>	150% of Scheduled Program Length

***Example: If your program requires 900 clock hours, you must complete your program by the time you attempt 1350 hours.*

Grades of Withdrawal (W), Incomplete (I), and Failing (F) are counted as attempted hours yet will NOT count as earned hours.

5.20 Academic Appeal

If a student believes that their final grade for a course was incorrect, that they experienced unfair treatment by an instructor or administrative staff at Southeast California College, or that any issue related to their academic progression, probation, suspension, or termination from a program was handled unfairly, they may use the appeals process outlined in this policy to seek resolution. Any issue subject to appeal will be referred to as “the conflict” in this policy.

The student carries the responsibility of proving their claim of unfair grading or treatment. Grades can only be awarded or changed by the course instructor or through the appeals process. Students should note that grades cannot be altered by other instructors, program directors, deans, or college administrators. During the appeals process, a grade may be adjusted either up or down, and other conflicts may also be addressed through this process.

6. STUDENT RIGHTS

6.1 Notice of Student's Right to Cancel

The Student has the right to withdraw from the program of instruction at any time. To withdraw or cancel enrollment, the Student must send a signed Notice of Cancellation or Letter of Withdrawal postmarked NO LATER THAN the seventh day following the first day of class (or delivered to the school before midnight of the same day). Compliance with this policy will result in a full refund.

Notice of Cancellation or Letter of Withdrawal must be sent to:

Office of the Registrar
Southeast California College
225 E. Airport Dr., Ste. 150/110
San Bernardino, CA 92408

If you have any complaints, questions, or problems that you cannot work out with the school, write or call the Bureau for Private Postsecondary Education (BPPE) at 1747 N. Market Blvd., Ste. 225 Sacramento, CA 95834. A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling toll-free (888) 370-7589 or by completing a complaint form, which can be obtained on the bureau's Internet Website at www.bppe.ca.gov

6.2 Student's Right to Records

Current official academic student files are kept in fire-proof file cabinets or in rooms equipped with sprinklers. Southeast California College retains all files on-site for a minimum of five (5) years from the student's last date of attendance. Student transcripts and enrollment agreements are preserved permanently. Students must report any address or name changes to the registrar immediately. It is important for students to keep the college updated on any address changes throughout their enrollment and after graduation.

6.3 Student's Right to Privacy (FERPA)

Southeast California College (SCC) maintains compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. FERPA defines requirements which are designed to protect the privacy of student records maintained by SCC. The law requires that:

1. Students should be provided access to official records directly related to them. Students who wish to see their records must make an appointment or submit a written request through SCC's Registrar's Office.
2. Students may not remove any materials, but are entitled, at their expense, to one copy of any materials contained in their file, unless a disclaimer appears on the document indicating that the student is not to be given a copy, or if the student waived the rights to the document.
3. Students should be given the opportunity for a hearing to challenge such records on the grounds

that they are inaccurate, misleading, or otherwise inappropriate. The right to a hearing under the law does not include any right to challenge the appropriateness of a grade as determined by the faculty member.

4. Students' written consent must be received prior to releasing personally identifiable student data from their records to other than a specified list of exceptions. SCC is authorized to release public directory information concerning students. Directory information includes the student's name, address, phone number, date and place of birth, major field of study, dates of attendance, certificates and awards received and the most recent previous educational agency or institution attended by the student. Directory information is subject to release by SCC at any time unless the Registrar has received a prior written request from the student specifying that the information not be released.

SCC is authorized to provide access of student records to SCC officials and employees who have legitimate educational interests. These are persons who have responsibilities in SCC academic, administrative, service or research functions.

A copy of SCC's FERPA policy is available to students through the Registrar's Office. Education records will be released pursuant to a judicial order or a lawfully issued subpoena, but only after the student is given reasonable and necessary notification of SCC's intent to comply with the subpoena before release of the records.

Students have the right to restrict disclosure of directory information. Written requests for privacy holds should include name, address, specific records to be withheld and/or to whom the privacy hold applies, and the student's signature and date. Requests are valid throughout student's enrollment unless otherwise notified.

Congress has provided the Family Education Rights and Privacy Act in that a student have certain rights of access to his/her education records (available in the front office).

6.4 Non-Discrimination Policy

Southeast California College (SCC) does not deny admission or discriminate against students currently enrolled on the basis of race, color, religion, sex, age, disabilities and area of origin, residence or sexual orientation from participating in any of the school's activities. SCC will reasonably accommodate applicants and students with disabilities to the extent required by applicable law.

6.5 Educational Safety Environment

Due to requirements set forth by the Occupational Safety and Health Administration (OSHA), proper attire including shoes, eyewear and other articles should be worn during all class hours.

6.6 Hygiene & Dress Code Policy

Students are expected to follow this dress code as follows:

1. Wear the school issued uniform every day for both the Theory and Practicum classes at Southeast California College.
2. Uniform (top and bottom) in neat and clean condition.

3. If the weather is cool, a shirt may be worn under or a sweater over the uniform.
4. White socks are to be worn with white or light-colored comfortable, clean flat shoes (no high heels allowed). Shoes must have closed heels, toes, and sides.
5. Finger nails must be kept short (no longer than the finger tip), clean, with no nail polish or clear nail polish only. Absolutely no artificial nails are allowed. They are known to carry excessive amounts of bacteria and/or virus. Any student who arrives at practicum with artificial nails will be sent home immediately and will be marked absent.
6. Jewelry shall be limited to a conservative wrist watch with second hand, wedding ring(s), and very small stud earrings. No necklaces, earrings that drop below the earlobe, or other jewelry that could interfere with patient care or be a source of infections may be worn. If a clinical instructor or agency or site staff instructs the student to remove a piece of jewelry, the student must comply or be dismissed from the clinical/externship site.
7. Hair shoulder length or shorter or pinned up. Hair must be kept in such condition that it does not swing forward to fall on or touch a patient when providing care.
8. Beards are allowed if kept trimmed.
9. No exposed tattoo is allowed.
10. The school ID badge on lanyard around neck or pinned to uniform left chest.
11. No hats/beanies.

6.7 Americans with Disability Act (ADA)

Southeast California College recognizes its responsibilities and obligations under the Americans with Disabilities Act (ADA) and the Rehabilitation Act of 1973 to prohibit discrimination on the basis of a disability while providing reasonable accommodations to qualified disabled students. Students have the choice to self-disclose and request an accommodation through the school's ADA Compliance Officer. Communications alone with faculty or other staff members does not in itself fulfill the ADA accommodation requirements. Students will be required to verify their disability through a Medical Release Form, Documentation of Disability Form, and Accommodation Request Form. Southeast California College will review the documentation for consideration. Students applying have confidentiality and will not be retaliated against for requesting accommodations or bringing a complaint procedure for non-compliance by the college.

Southeast California College as a private college is regulated by Title III of the ADA. In order to comply with Title III, Southeast California College

- Provides classes and services in an integrated setting
- Provides reasonable modifications in policies, practices, and procedures that deny equal access to students with disabilities
- No unnecessary eligibility standards or rules that deny students with disabilities an equal opportunity or experience
- Removed architectural and structural communication barriers on campus when possible
- Maintain accessible features of facilities and equipment
- Furnish aids when necessary and requested to ensure effective communication

It is important to Southeast California College students are knowledgeable about their rights and responsibilities in their education. Students have the responsibility to request and report their accommodations. For many students with disabilities, knowing their rights is an essential part of self-advocacy. Southeast California College is here to assist with their journey.

6.8 Student Seeking Reasonable Accommodations

In accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, Southeast California College adheres to the principle that "no individual with a handicap shall be excluded from participating in the programs and services offered by SCC solely due to the handicap." The college does not discriminate based on disability and ensures that its programs, including extracurricular activities, are accessible to students with disabilities. By providing necessary aids, services, and policy modifications, the college aims to offer a complete educational experience. Southeast California College does not charge students for these accommodations. To be eligible for accommodations, aids, or services, a student must have a documented disability and must meet with the ADA Compliance Officer to verify the disability.

Students

1. Student informs the Southeast California College ADA Compliance Officer of the request for an accommodation.
2. The ADA Compliance Officer will ask for documentation regarding the individual's functional limitations to support the request. Any medical documentation will be collected and maintained in accordance with confidentiality.
3. When the student's disability becomes qualified, the student will consult with the ADA Compliance Officer:
 - a. Discuss the purpose and essential functions of the student
 - b. Determine the limitations the student faces
 - c. Identify potential accommodations and determine how effective each would be for the student.
 - d. Select and implement the reasonable accommodation most appropriate for both the student and Southeast California College. While a student's preference will be given consideration, Southeast California College is free to choose among the choices available and may choose one that is more affordable or easier to implement.
 - e. The ADA Compliance Officer will provide a written decision to the student within a reasonable time unless agreed upon otherwise by the student and Southeast California College.

Southeast California College is committed to providing reasonable accommodations unless doing so would cause undue hardship or fundamentally alter the nature of the program or service. The college is not required to provide personal items needed for daily activities, such as eyeglasses, hearing aids, or wheelchairs. Students who do not request accommodations can choose to keep their disability information private. The college cannot provide services or accommodations if it is unaware of the need. It is the student's responsibility to disclose their needs in advance so that the college can develop an appropriate plan.

6.9 Equal Opportunity

To ensure proper handling of all equal opportunity matters, including the Civil Rights Act and Americans with Disabilities Act, discrimination, accommodation and compliance issues, inquiries should be directed to the following individual:

School Director/Compliance Officer at (909) 763-3481, for the following matters:

- Sexual Harassment
- Discrimination - Education/Race
- Discrimination - Workplace - Hiring/Promotion
- Training
- ADA
- EEO - Hiring/Promotion
- Gender Equality

6.10 Student Grievance Policy

The grievance procedure can be initiated by a student or group of students who believe they have been subjected to unjust treatment or denied rights that negatively impact their status, rights, or privileges as students. It is the responsibility of the student(s) to provide evidence of the alleged unfair or improper action.

The programs at Southeast California College are challenging and demanding, and students may encounter difficulties. The college is committed to addressing these issues when informed. The following procedure is designed to help students resolve any problems they encounter.

1. First, discuss the problem with your instructor rather than with other students.
2. Next, make an appointment to approach the Program Director if you and the instructor were unable to resolve the problem.
3. If the problem is still not resolved, the student will make an appointment to discuss the matter with the School Director.
4. If the problem involves the VN program, you may contact the Board of Vocational Nursing and Psychiatric Technicians.

Board of Vocational Nursing and Psychiatric Technicians (BVNPT)

2535 Capitol Oaks Drive, Suite 205, Sacramento, CA 95833

T: 916-263-7800 Web: <https://bvnpt.ca.gov> E-mail: bvnpt@dca.ca.gov

5. For other problems, you are able to contact:

Bureau for Private Postsecondary Education (BPPE)

P.O. Box 980818, West Sacramento, CA 95798-0818

1747 North Market Blvd., Suite 225, Sacramento, CA 95834

T: 888-370-7589 Web: www.bppe.ca.gov E-mail: bppe@dca.ca.gov

6.11 Right to Appeal

Students may submit a written appeal for any decisions that negatively affect their ability to complete a course or program, such as failure, suspension, or termination. All such appeals must be submitted within 30 days of notice to the Appeal Committee. It is the responsibility of the student to submit all relevant documents or statements of support with their appeal letter. Appeals should be brought or mailed to:

Southeast California College
Attn: Appeal Committee
225 E. Airport Dr., Ste. 150/110
San Bernardino, CA 92408

In all cases of student grievances, if the complaint cannot be resolved after exhausting the school's procedures, the student may file an external complaint.

7. STUDENT RESPONSIBILITIES

For specific program policy, see Student Handbook.

7.1 Student Code of Conduct

Students at SCC are expected to uphold ethical standards, honesty, and integrity as responsible members of the academic community. This includes demonstrating mutual respect and civility in academic and professional interactions. Southeast California College reserves the right to suspend or dismiss any student whose conduct is deemed unacceptable. Unacceptable conduct includes excessive absences or tardiness, failure to maintain satisfactory academic standing or clinical performance, inappropriate behavior toward peers, faculty, staff, or affiliates, failure to adhere to school rules, and other behaviors considered inappropriate.

7.2 Standards of Student Conduct

Students are responsible for learning all required material. While academic performance is the primary factor in determining grades, student conduct plays a significant role in the academic environment. Students must respect and comply with civil and criminal laws, and they may face legal consequences for violations of city, county, state, or federal laws. Students are also expected to adhere to the code of conduct at all times, both on campus and when representing Southeast California College off-site. Any violations of this conduct code will result in disciplinary action. Such violations include, but are not limited to, the following:

- Uniforms not worn in class in accordance with uniform policy, if applicable
- Harassment of any kind or carrying weapons on campus
- Disruptive behavior that hinders or interferes with the educational process

- Any act or statement which threatens or violates the personal safety of any member of the faculty, staff or student body
- Violation of the student Code of Conduct
- Failure to comply with any reasonable directive from faculty or school officer
- Falsification or invention of any information citation or document, lying during a school investigation, or plagiarizing any piece of writing
- Any form of academic dishonesty which includes but is not limited to: cheating, fabricating, plagiarizing (copying or presenting another's work as your own), unlawfully acquiring or using copyrighted work, or helping another student to commit academic dishonesty.
- Violation of any state, federal, or school laws, regulations or rules

7.3 Discipline Procedures

If a student violates a rule or regulation, the matter will be promptly investigated. The student will be informed of the issue and the investigation process. A committee will review the investigation, discuss the findings, and make recommendations to the School Director or Assistant Director. The student will have the opportunity to present their case to the committee.

If a violation is confirmed, the student will receive sanctions proportionate to the severity of the violation. The School Director or Assistant Director will make the final sanctioning decision and communicate it to the student. If the student believes the decision is incorrect, they may request an appeal within 10 days. The appeal must be submitted in writing to the committee, which will review the appeal and render a final decision.

8. CAMPUS SECURITY AND SAFETY

Southeast California College is dedicated to maintaining a campus environment that is safe, supportive, and responsive, ensuring that all students can fully benefit from a wide range of educational opportunities. The Clery Act mandates that Southeast California College addresses sexual assault on our campus.

Southeast California College is committed to assisting all community members in ensuring their safety and security. Southeast California College shares many of the same concerns as the neighboring cities, including the priority of providing a safe environment for students, faculty, and staff. Safety and security are responsibilities shared by everyone, and your actions and behavior can significantly reduce your risk of personal harm.

At Southeast California College, we understand the importance of campus safety. Our goal is for students, faculty, and staff to enjoy their academic experience free from threats to their safety and well-being. This publication aims to provide information on the safety and security of campus facilities, the offices responsible for coordinating campus safety and security, campus crime statistics, substance abuse policies, sexual assault policies, and timely warnings, all in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

8.1 The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (or Clery Act)

The Jeanne Clery Crime Awareness and Campus Security Act of 1990 (Clery Act) requires colleges and schools to provide students and applicants a detailed report of crime statistics for the prior three years. The Clery Act is a federal statute codified at 20 U.S.C. § 1092(f), with implementing regulations in the U.S. Code of Federal Regulations at 34 C.F.R. 668.46.

8.2 Sexual Harassment/Discrimination Policy

Southeast California College students, faculty, and staff are entitled to learn and work in an environment free of sexual harassment. Sexual harassment is prohibited in any School-related activity. Sexual harassment is defined as unwelcome sexual advances (including sexual violence), requests for sexual favors, and/or physical, verbal, or written conduct of a sexual nature includes but not limited to the following:

- Submission to such conduct is made explicitly or implicitly a term or condition of an individual's employment education, or participation in the School's programs or activities, or
- Submission to or rejection of such conduct by an individual is used as a basis for decision pertaining to an individual's employment, education, or participation in the School's programs or activities, or
- Such speech or conduct is directed against another and is abusive or humiliating and persists after the objection of the person targeted by the speech or conduct or
- Such conduct would be regarded by a reasonable person as creating an intimidating, hostile, or offensive environment that substantially interferes with an individual's work, education, or participation in the School's programs or activities.

8.2.1 Questions or Concerns About Sexual Harassment/Discrimination Policy - Contact Information

If you have a complaint involving sexual assault, sex discrimination, sexual harassment, stalking, or dating and domestic violence, or if you have questions about Southeast California College's policies or procedures in these areas, please contact the designated Administrator (Assistant School Director): kalvin.latimer@southeastcollege.com or call (909) 763-3481 or School Director: lsun@southeastcollege.com.

8.3 Geography: Campus Location

Southeast California College is situated at 225 East Airport Drive, San Bernardino, California 92408, occupying a total area of 4,882 square feet. This includes 2,482 square feet in suite 110 and 2,400 square feet in suite 150. Conveniently located along the 10 eastbound freeway, the college is in close proximity to various dining and shopping establishments on Hospitality Lane in San Bernardino, California.

For purposes of Clery Act data collection and reporting, the following definitions apply:

- **Campus:** Areas of buildings which are leased, owned or controlled by Southeast California College, including any classrooms, administrative offices, faculty offices, along with any hallways, lavatories, storage areas, stairwells, elevators or other areas used exclusively by Angeles College staff, faculty or students.
- **Non-Campus Property:** All other areas of campus buildings that are not otherwise included in the definition of "campus" (above), including any hallways, elevators or outdoor areas owned or controlled by the building/development owners and routinely used by Southeast California College's students. These areas are considered part of the "campus" for the purposes of the statistics above.
- **Public Property:** Any public thoroughfares, streets, alleys, sidewalks and/or public parking facilities that is immediately adjacent to, and accessible from, the campus.

8.4 Annual Campus Security Report

Southeast California College is committed to assisting all members of the Southeast California College community in providing for their safety and security. The annual security compliance document is available on the Southeast California College website at <https://www.southeastcollege.com>

The website and booklet contain information regarding campus security and personal safety including topics such as: crime prevention, fire safety, crime reporting policies, disciplinary procedures, and other matters of importance related to security and safety on campus. They also contain information about crime statistics for the three previous calendar years concerning reported crimes that occurred on campus; in certain off-campus buildings or properties owned or controlled by Southeast California College; and on public properties within, or immediately adjacent to and accessible from the campus.

This information is required by law and is provided by the Southeast California College administration office which is located in suite 150. If you would like to receive the Annual Campus Crime Statistics Report that contains this information, you can stop by the Southeast California College Administration Office at 225 E. Airport Drive, Ste. 150/110, San Bernardino, CA 92408 for information, or request that a copy be mailed to you by calling (909) 763-3481.

8.5 Campus Crime Statistics

The detailed statistics in this policy reflect the number of crimes reported and referrals made for Southeast California College – San Bernardino Campus for the past three calendar years (2019-2021). Those cases are as follows:

2019-2021 Clery Campus Crime Statistics

Total Crimes:

OFFENSE	YEAR	ON CAMPUS	NON-CAMPUS	PUBLIC AREA
Murder/Non-negligent Manslaughter	2019	0	0	0

8.6 Timely Warning

In addition to the required Annual Campus Crime Statistics Report, Southeast California College will provide a timely warning to the campus community of any occurrences of crimes considered to represent serious or continuing threats to students and employees, whether they are reported to campus officials or the local police agencies. Crimes that Southeast California College views as serious include but are not limited to:

- homicide
- sex offense
- robbery
- burglary
- aggravated assault
- motor vehicle theft
- arson
- hate crimes
- arrests for liquor/drug or weapons violations
- campus discipline for liquor/drugs/weapons

If the school is aware of such a crime, and the management of the school feels that a serious and continuing threat to students and employees exists, the Campus Security Director will post appropriate warning notifications in various locations throughout the campus, including all entrance/exit doors of the campus buildings. These warning notifications will remain in place for ten days or longer if school management feels that a continuing threat remains.

8.7 Security of Campus Facilities

Southeast California College campus facilities are private property. All visitors must report to the reception desk at each respective campus location to be admitted to the campus grounds/buildings. Any unauthorized visitation or other trespassing on Southeast California College's facilities, including trespassing by students during non-business hours, is strictly prohibited.

8.8 Campus Law Enforcement

Southeast California College does not maintain a law enforcement department or employ a security force. However, the building in which Southeast California College facilities are housed does maintain security personnel. All crimes and other emergencies will be handled by the building security or local law enforcement agencies appropriately. The building security officers patrol the campus around the clock. Foot and vehicle patrols enable officers to monitor and maintain security on campus and promote contact between the campus community and building security officers.

8.9 Drug, Alcohol and Tobacco Policies

At Southeast California College, we are committed to fostering a safe and productive environment for all students. The misuse of drugs or alcohol undermines this goal and is strictly prohibited. All students are expected to remain free of alcohol, illegal drugs, and controlled substances.

Southeast California College prohibits the following actions:

- Possession of controlled substances in violation of California Health and Safety Code Section 11350 or Business and Professions Code Section 4230.
- Consumption of alcohol on any property owned or used by Southeast California College.

"Controlled substances" in this context include, but are not limited to, opiates, opium derivatives, mescaline, hallucinogens, peyote, marijuana, stimulants, depressants, and cocaine.

Smoking is prohibited in all classrooms and enclosed spaces regularly used by students, faculty, staff, or administrators. Designated smoking areas are located outside the main building for those who wish to smoke.

8.10 Sexual Assault Prevention/Reporting

Southeast California College does not provide dormitories or other facilities for use outside of regular school hours. During business hours, sufficient faculty and staff are available throughout the campus to assist students as needed. Any crime, including sexual assault, whether on or off campus, should be reported immediately to the local police department or appropriate law enforcement agency.

We understand that the decision to report a rape or sexual assault can be difficult. However, we strongly encourage immediate reporting of these incidents to the proper authorities. Sexual assault is a serious crime, and reporting it may help prevent future victims. Victims are urged to contact law enforcement by dialing 9-1-1 for criminal investigation, medical attention, and access to crisis counseling and legal advocacy services. Victims may request that the entire reporting process remain confidential.

If both the victim and the accused are enrolled students, the college may initiate disciplinary action. During any campus disciplinary proceedings, both the accuser and the accused are entitled to the same opportunities to have others present. Both parties will be informed of the outcome once the school committee reaches a decision. If the accused is found to have violated the Southeast California College Code of Student Conduct, they may face probation, suspension, expulsion, or exclusion from campus. Under certain circumstances, victims may request adjustments to their academic arrangements.

If you become a victim of a sexual assault on or off campus:

- Go to a safe place
- Immediately contact the local police department
- Contact someone you trust to be with you or ask the police department dispatcher to do so for you
- Do not shower, bath, douche, change or destroy your clothing
- Do not clean or straighten up the area

A police officer will arrange for forensic and medical services as appropriate and a report will be accepted in confidence through a 3rd-party or anonymously.

8.11 Firearms and Weapons Policy

Southeast California College does not authorize the possession or use of weapons and firearms on the College's campuses or on any property owned or controlled by the College. This also includes ammunition for weapons, guns, BB guns, stun guns, chemicals, bombs, hazardous materials, explosive devices, knives, incendiary devices and any item capable of inflicting serious injury.

No one (personnel, students or visitors) except law enforcement officers of either the State of California or of a Federal Law Enforcement Agency shall be authorized to possess or carry firearms or other weapons, concealed or not concealed, with or without a concealed weapon permit, while upon campus or other properties owned or controlled by the College, without the prior knowledge and consent of the School Director.

Any individual who fails to abide by this policy may be subject to disciplinary actions, up to and including expulsion (in the case of students) and termination (in the case of employees), even for a first offense, or prosecution under appropriate city, state or federal laws. Individuals should immediately report any knowledge he or she may have regarding the possession, use or display of weapons and firearms to the School Director.

8.12 Potentially Infectious Agents and/or Hazardous Materials Policy

It is the policy of Southeast California College that all students who are exposed (i.e. needle stick, inhalation, mucus membrane or skin exposure or percutaneously to infectious agents and/or hazardous materials including radiation, blood-borne pathogens) while engaged in an educational program seek and obtain prompt medical attention, including counseling, prophylactic drug treatment, and baseline and follow up laboratory values, as necessary.

8.13 Hate Crimes and the Law

Southeast California College is mandated to protect all members of the campus community by preventing and prosecuting bias or hate crimes that occur within the campus jurisdiction.

Hate crimes, also called bias crimes or bias-related crimes, are criminal activity motivated by the

perpetrator's bias or attitude against an individual victim or group based on perceived or actual personal characteristics, such as their race, religion, ethnicity, gender, sexual orientation, or disability. Anyone committing such acts can be referred to the Southeast California College Administration for disciplinary action, as well as facing prosecution under the California law.

8.14 Violence Against Women Act Compliance

On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub. Law 113-4), which, among other provisions, amended section 485(f) of the Higher Education Act of 1965, as amended (HEA), otherwise known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The Clery Act requires institutions of higher education to comply with certain campus safety- and security-related requirements as a condition of participating in the Federal student financial aid programs authorized by Title IV of the HEA. Notably, VAWA amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports (ASRs).

The Higher Education Act defines the new crime categories of domestic violence, dating violence, and stalking in accordance with section 40002(a) of the Violence Against Women Act of 1994 as follows:

Domestic violence means a felony or misdemeanor crime of violence committed by: (1) a current or former spouse or intimate partner of the victim, (2) a person with whom the victim shares a child in common, (3) a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, (4) a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under VAWA], or (5) any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Dating violence means violence committed by a person: (1) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (2) where the existence of such a relationship shall be determined based on a consideration of the following factors: (a) the length of the relationship, (b) the type of relationship, and (c) the frequency of interaction between the persons involved in the relationship.

Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to (1) fear for his or her safety or the safety of others; or (2) suffer substantial emotional distress.

8.15 Distribution of Report/Policy

A notice of this report and policy statement will be given to all students and employees annually. Those wishing a printed copy of this report may print directly from our webpage or may contact any member of the Southeast California College administration for a printed copy sent by mail or picked up.

8.16 Crime Prevention

Southeast California College does not maintain dormitories or other facilities that are used outside of regular school hours. Sufficient faculty and staff are available throughout the building and grounds during business hours to reduce the likelihood of crime during school hours. Students and employees are encouraged to be vigilant and observant when in the non-campus or public areas, and to protect themselves and each other by reporting suspicious or illegal activity to proper authorities immediately. To help students and employees protect them and their property, Southeast California College develops and makes available to students an updated crime log and safety tips.

8.17 Daily Crime Log

The Clery Act requires academic institutions with internal security maintain a daily crime log. This log may be publicized as a hard copy log and will be accessible on campus. The crime log for the "most recent 60-day period" must be available for public review during normal business hours. Any requests to view logs older than the 60-day recent period must be made available within two business days of the request for public inspection.

A hard copy of the daily crime log for Southeast California College is maintained in the administration office. Southeast California College does not make available an electronic version of the daily crime log. The business hours for access and further information are M-F, 9:00 a.m.-6:00 p.m. Furthermore, security is provided as part of the college's lease terms and as part of the Clery requirements, crimes are primarily registered with them at each campus location.

8.18 Emergency Notification

Southeast California College Alerts will deliver messages using some or all of the following channels:

- The Southeast California College homepage;
- Broadcast e-mail to all Southeast California College students;
- Blackboards in classrooms;
- Phone Alerts;
- Classroom/hallway alarms.

8.19 Safety Tips

Effective policing is a community activity. Protect yourself against crime by taking the following common-sense precautions.

✓ **Emergencies**

- Fire: Leave the building and call 911
- Health/Medical: call 911

✓ **On Campus**

- Report unusual or suspicious activities to the Southeast California College Administration Office in person or call (909) 763-3481.
- Keep small valuable items (jewelry, cash, wallets, purses, etc.) out of sight or in a closed/locked backpack.
- Small electronics such as iPods, mp3 players, cell phones, thumb drives, and laptops are easily taken by thieves and must be secured at all times.

✓ **Parking Lots**

- Do not walk alone to your car.
- Lock your car at all times.
- Take your valuables with you or lock them in the trunk.
- Use anti-theft and safety devices, including remote key access for lighting, car alarms, and steering wheel locks.

✓ **Personal Safety**

- Always let someone know where you are.
- Never walk alone at night, always walk with a friend.
- Do not leave a party or bar with a casual acquaintance.
- Never leave drinks of any type alone, when at a social gathering.
- Report any rape or sexual assault, even if you know the assailant. It's still a crime.
- Report unusual or suspicious activities to the Southeast California College Administration Office immediately at (909) 763-3481.
- In Your Car
 - Do not signal breakdowns or request help from strangers.
 - Check the back seat before entering your car.
 - Do not open your window more than an inch if you respond to strangers who approach your car.

✓ **In General**

- Be aware of your surroundings.
- Keep your door locked at all times.
- Don't walk alone late at night.
- Keep your valuables locked up in a safe place.
- Don't leave your laptop computer unattended.
- Mark your valuables with your name.

✓ **Notice, Remember and Report**

- License plate number
- Which way the car or person went
- Anything left at the scene by the assailant or the victim
- Description of car (color, number of doors, rust)
- Description of person, including

- approximate age, weight, height, and build
- gender
- color and length of hair
- color of eyes
- color of skin
- clothing
- distinctive marks including scars, tattoos
- distinctive accessories including rings, earrings, piercings

✓ **Your Identity**

- Don't give out personal information on the phone, through the mail, or on the Internet unless you initiated the contact or are sure you know who you are dealing with.
- Don't carry your SSN card in your wallet; store it in a secure place.
- Keep your purse or wallet in a safe place; do the same with copies of administrative forms that have your sensitive personal information.

✓ **Preventing Fires**

Fire prevention and safety programs at Southeast California College include:

- Fire drills (Building Services)
- Inspection and maintenance of fire-detection and fire-fighting equipment (Campus Services)
- Routine checks of emergency firefighting equipment (Campus Services)

✓ **Preventing Fire-Related Crimes**

The following activities are illegal:

- Causing a false alarm
- Maliciously activating building fire alarm system
- Discharging a fire extinguisher mischievously
- Tampering with fire-detection and fire-prevention equipment (smoke detectors, sprinklers)
- arson

Any student who commits these crimes will be referred to the College Disciplinary Board. Criminal charges may also be filed.

✓ **In Case of Fire Drill**

When the alarm sounds:

- Always leave the building immediately. Never assume the alarm is a false alarm.

- Continue to evacuate the building even if the alarm stops.
- Use the nearest exit. If the nearest exit is blocked by fire, heat or smoke, go to another exit.
- Always use the stairs. Stairway fire doors will keep out fire and smoke if they are closed and will protect you until you get outside. Never use an elevator. If the power fails, you will be trapped.

✓ **When to use 9-1-1 versus 7-digit telephone lines**

- Call 9-1-1 when there is a life or death emergency that requires the immediate response of emergency service such as police, fire or paramedic. Always call 9-1-1 when there is a medical problem or something that requires the Los Angeles Fire Department to respond, because they do not have non-emergency lines.
- When there is a situation that requires police response but is not an emergency, use non-emergency telephone number 1-909-384-5742 for the San Bernardino Police Department.

It is a misdemeanor under California Penal Code Section 148.3 for any person to willfully use the 9-1-1 system for any purpose other than reporting an emergency. It is a felony if someone is injured or dies as a result of emergency service response to a false call.

8.20 Important Security/Safety Phone Numbers

Southeast California College - Campus Security Department
225 E. Airport Drive, Suite 150/100
San Bernardino, CA 92408
(909) 763-3481

The San Bernardino Police Department
710 North D Street
San Bernardino, CA 92401
(909) 384-5742

Please Remember to Call 9-1-1 when there is a life or death emergency that requires the immediate response of emergency service such as police, fire or paramedic.

9. STUDENT SERVICES

9.1 New Student Orientation

All new students are required to attend an orientation session conducted by the Southeast California College Admissions Office. Orientation will walk students through the registration/admissions process.

9.2 Counseling: Career and Placement Assistance

The Career Counseling and Placement Assistance Services provide students with:

- Individual and group counseling, exploration of career options and information on occupational fields and employment trends
- Overseeing a variety of educational and career options, including non-credit programs and vocational assistance
- Seminars in resume writing, interviewing skills, working with people and other job-related topics

Disclaimer on Job Placement

The purpose of all programs offered by SCC is to extend the nature and range of careers available to our students by providing a quality education that integrates theory with practical application. However, SCC cannot offer guarantees of job placement, advancement, or continued employment.

9.3 Counseling: Course Advisement and Tutorial Services

Southeast California College is deeply committed to its Mission and Philosophy. In line with these values, all employees strive to maintain a close yet professional relationship with students through consistent and appropriate communication. Faculty members are dedicated to supporting students through counseling, advising, and tutoring services to ensure academic success and program completion. Instructors work to identify students in need of assistance, but students are also encouraged to take initiative by seeking out additional help and discussing any challenges with their instructors or Program Director.

There is a sufficient number of faculty and staff available to provide counseling and academic advising. Tutoring services, however, are primarily the responsibility of the lead theory instructor or other faculty members as designated by the Program Director. Instructors may offer tutoring hours outside of regular class time, which should be communicated verbally or outlined in the course syllabus. The instructor will coordinate with the student to schedule mutually agreed-upon tutorial sessions.

9.4 Library/Learning Resource Center

Southeast California College has on-site library holdings for local patrons to access books and periodicals through the LIRN online library related to the programs offered at this campus. In the LIRN Library environment, students and faculty have access to databases vendors such as ProQuest, GALE, PubMed, and more. The library is a centrally located resource physically and virtually for all students and faculty and is accessible during classroom hours. The SCC library offers group-study space, a reading room and access to current word processing software and the internet. Refer to the Library web-portal for access to LIRN and College Catalog.

9.5 Student Parking

Student parking is available in a parking structure or lot adjacent to and/or areas within walking distance of the college's location. SCC is not responsible for parking violations, property theft,

property damage, etc. Please keep vehicles locked at all times. Southeast California College parking is free.

9.6 Student Lounge

Student Lounges are available for students during school hours to relax, study and take meal breaks.

9.7 Housing

Southeast California College does not have dormitory facilities under its control. Although Southeast California College has no responsibility to provide or help find housing for students, the Office of Student Services may assist in arranging a hotel, apartment, or home stay for students.

The surrounding area of Southeast California College has many options available for apartment, condo, and house rentals. Housing prices can vary depending on size, amenities, age of building, street location, etc. The overall June 2024 average cost of rental housing in San Bernardino is \$1,768. The average size for a San Bernardino, CA apartment is 819 square feet, but this number varies greatly depending on apartment type. Studio apartments are the most affordable, while 1-bedroom apartments are closer to the average.

Sources for average rental prices: <https://www.rentcafe.com/average-rent-market-trends/us/ca/san-bernardino/>

10. NON-DEGREE PROGRAM INFORMATION

For more program specific information, see Student Handbook.

The programs listed below are evaluated as Non-Degree granting programs (as defined by Articles 6, 7 and 9 of the California Private Postsecondary Education Act of 2009).

10.1 Medical Assistant

Weeks/Hours: 36 weeks / 900 hours (372 hours of lecture; 240 hours of lab; 288 hours of clinical externship)

Prerequisite: None

Credential(s) Awarded Upon Completion: Certificate

2020 CIP Code: 51.0801 (Medical/Clinical Assistant)

2018 SOC Code: 31-9092.00 (Medical Assistants)

Students are entitled to a list of the job classifications considered to be in the field of this educational program. To obtain this list, please ask an institutional representative or visit the links below and type in the job title or SOC code from the list of employment positions to look up more information:

<https://www.bls.gov/soc/2018/>

<https://www.onetonline.org/find>

<http://www.labormarketinfo.edd.ca.gov/ocguides/Search.aspx>

Program Description

The Medical Assistant Program prepares multi-skilled healthcare professionals qualified to perform administrative and clinical duties and laboratory procedures. The program will be taught through lectures, laboratory and externship training at clinical sites.

Program Objectives

- Provide supportive environment that encourages student success in the classroom, the externship site and the job site.
- Use critical thinking to recognize, analyze and solve problems related to administrative, clinical and laboratory procedures.
- Understand policies and regulations related to carrying out administrative, clinical and laboratory duties.
- Help students to develop skills in communication, critical thinking, analysis, and problem-solving, leading to accurate decision-making.
- Demonstrate competency in the knowledge and skills required for entry-level in Medical Assisting practice.
- Prepare students to work in a variety of settings such as physician offices, clinics, hospitals, public agencies, and volunteer agencies.
- Display professionalism by projecting a positive attitude, working as a team member and showing initiative and responsibility.
- Practice in a legal and ethical manner.

Program Delivery

Residential: Classroom and Clinical/Laboratory Instruction

Classroom/Theory Instruction as a residential course, Southeast California College will utilize traditional pedagogical methods of instruction in the physical classroom environment where a class of students is led by instructors within a scheduled structure of instruction and outside class work.

Clinical Instruction will be delivered as residential. During Clinical/Laboratory days, the students are pre-scheduled to perform their assigned module-appropriate skills checklist at the Campus Skills Laboratory. Clinical/Laboratory days are 100% in-person on campus instruction.

Completion Requirements

A student must pass all examinations and course requirements with a final grade of a passing score.

At the completion of the program, the student will be able to:

- Perform pre-analytical procedures such as specimen collection
- Assist in processing of specimens

SOUTHEAST CALIFORNIA COLLEGE
College Catalog

- Assist Doctors and Nurses with patient care services
- Perform injections safely with over 70% accuracy
- Safely assist in operating and maintaining diagnostic test equipment
- Demonstrate good understanding of standard and universal precautions
- Assist in minor surgical procedures

Course Description

Course Module/Title	Course Description	Contact Hours
<p>MA 001 <u>Anatomy & Physiology I</u></p>	<p>This course is the first part of the introductory course series in anatomy and physiology of the human body. Specifically, it will focus on these human body systems: skeletal, muscular, cardiovascular, lymphatic, immune, and respiratory systems. The course will also emphasize the diagnostic methods and treatments associated with some common diseases of these body systems. Counseling patients with self-screening methods, nutrition guidelines and proper use of pharmaceuticals will be addressed in according sections. In addition, the course will provide a basic knowledge of the different prefixes, combining forms, suffixes of medical terms that are associated with the above body system and medical specialties. By studying the basic structures of medical terminology, the students will be able to combine word elements and determine the meaning and the significance of complicated medical terms. The course will also focus on the spelling and pronunciation of these medical terms as well as recognition of accepted abbreviations used in hospitals and clinics.</p> <p><i>Prerequisite None</i></p>	<p>42 Theory 36 Lab</p>

By studying the basic structures of medical terminology, the students will be able to combine word elements and determine the meaning and the</p>	<p>40 Theory 38 Lab</p>

	<p>significance of complicated medical terms. The course will also focus on the spelling and pronunciation of these medical terms as well as recognition of accepted abbreviations used in hospitals and clinics.</p> <p><i>Prerequisite MA001</i></p>	
<p>MA 003</p> <p><u>Clinical</u> <u>Medical</u> <u>Assisting</u></p>	<p>This course will first introduce the students to the medical assistant profession including their general responsibilities and the types of establishment in which medical assistants work. Also emphasized are knowledge of members of a health care team and their specific roles. Students will learn of professionalism and behaviors that are necessary when working in professional capacity and benefits of being certified and credentialed medical assistants. Majority of this course is dedicated to prepare students to their roles and duties as the clinical medical assistant. It covers health care clinical settings and laboratory procedures. Medical assisting students will be trained in cognitive (knowledge), psychomotor (skills), and affective (behavior) domains to prepare them for entry-level positions normally available in a medical facility such as physicians', chiropractors', or podiatrists' offices and clinics. The course provides the MA students with entry-level theory and limited "hands-on" training in basic and routine clinical tasks thereby equipping the MA students with the competencies required to perform in clinical medical office capacity. The students will learn to perform various clinical procedures not limited to EKG, spirometry, audiometry, injections, and venipunctures. He/she will be able to prepare the patient for physical exams, assisting the physician with exams and procedures. The MA students will learn to assist physicians with minor in-office surgical procedures and as well as sterilizing and caring for medical/surgical instruments.</p> <p><i>Prerequisite None</i></p>	<p>60 Theory 72 Lab</p>
<p>MA 004</p> <p><u>Medical</u> <u>Office</u> <u>Procedures</u></p>	<p>This course introduces the administrative duties of a medical assistant. The course will provide students with the knowledge, attitude, discipline and skills needed for employment in doctor's offices. Upon successful completion of the course, the students will be able to carry out all administrative duties required for entry-level positions in medical assisting. Integrated throughout the course are career</p>	<p>42 Theory 30 Lab</p>

	<p>preparation standards, which include communication skills, interpersonal skills, problem solving and other vital employability skills. Students will also learn about patient record management. Emphasis on overall front-office management such as collecting patient information, making insurance claims, scheduling appointments will be covered during this class. Additionally, the students will learn about human behaviors and relations as they relate to patients. Students will learn to deal with difficult situations and patients as well as dealing with patients who require special needs such as terminally ill patients. Students will also learn about different cultures and heritages as they apply to different patient demographics.</p> <p><i>Prerequisite None</i></p>	
<p>MA005 <u>Medical Insurance</u></p>	<p>This class introduces the basics of today’s health insurance. The students will learn about the terminology pertaining to health insurance. The students will also learn about the fundamentals of managed care, different types of health care plans, and the structure of insurance claims. There will be an emphasis on understanding today’s health care trend and how it relates to health insurance system. This class also analyzes today’s health care system from a consumer perspective as well from a practice perspective.</p> <p><i>Prerequisite None</i></p>	<p>48 Theory 0 Lab</p>

<p>MA 006</p> <p><u>Medical Billing and Coding</u></p>	<p>The healthcare industry has been growing over the years and has thus become very complex in nature. The work of medical documentation and medical transactions has become a difficult task requiring accuracy and proficiency. It also requires use of common “language” called codes to be utilized so that all health care professionals (physicians, administrators, insurance companies, government, and research organizations) are able to communicate effectively. In addition to coding, the duties of medical biller/coder also entail the billing part of medical practice. This course will teach students essential knowledge of medical billing, insurance claims, and reimbursements. The students will learn to efficiently and accurately look up CPT and ICD-9 codes according to the current guidelines. The student will also gain the knowledge of current healthcare system structure and policies as well as government regulations. In the Second portion of the class, the students will learn, through simulated software program, actual process of electronic billing. The student will learn principles of medical billing related to proper claim form preparation, submission, and payment processing, and the follow up process. This course also includes supervised lab instructions of simulation practice exercises (virtual lab).</p> <p><i>Prerequisite None</i></p>	<p>60 Theory</p> <p>36 Lab</p>
<p>MA 007</p> <p><u>Electronic Health Record</u></p>	<p>This course is designed to introduce the student to the basics of medical records management. This course provides the student with the opportunity to put administrative skills learned into practice in a simulated medical setting using electronic health care records (EHR) and allows the student to learn about EHR management practices. The course uses SimChart for the Medical Office which offers realistic, hands-on practice in all the necessary tasks required of a modern medical assistant – from clinical skills to front office (administrative) skills and practice management skills (billing, coding, and insurance). The course will cover the medical billing process, including the flow of information from preregistering patients through recording office visit transaction to collecting on overdue accounts, the role of information technology in medical offices, and discusses the HIPAA Security Rule and the HIPAA Transaction and Code Sets Rule as they relate to insurance claims. Types of electronic management systems will be explored along with their impact on various areas of the healthcare system.</p> <p><i>Prerequisite None</i></p>	<p>20 Theory</p> <p>28 Lab</p>

SOUTHEAST CALIFORNIA COLLEGE

<p>ENG 150 <u>Business Writing</u></p>	<p>Introduction to various types of professional communication, both written and oral. Students practice skills in communication styles such as memos, email, research reports, proposals, presentations, and interviews.</p> <p><i>Prerequisite None</i></p>	<p>36 Theory 0 Lab</p>
<p>MA 008 <u>Employment Planning</u></p>	<p>In this class the students will learn to utilize resources such as the web, newspaper, and career centers to search for job opportunities after completion of the medical assistant degree course. They will learn to create proficient resumes and learn about job searching techniques. The students will also practice interviewing skills and learn about the most common mistakes of job seeking process.</p> <p><i>Prerequisite None</i></p>	<p>24 Theory 0 Lab</p>
<p>MA 009 <u>Externship</u></p>	<p>This class provides supervised “real-life” clinical experiences in an affiliated medical office facility. Students will take on the duties of entry-level medical assistant under supervision of experienced medical assistants, RNs, MDs. This unpaid externship will be at various medical offices, and hours and shifts are set by the facility.</p> <p>This course is graded on a pass/fail basis.</p> <p><i>Prerequisite MA001, MA002, MA003, MA004, MA005, MA006, MA007, ENG150, MA008</i></p>	<p>288 Practicum</p>
	<p>Total Length: 36 weeks</p>	<p>Total: 900 hours</p>

10.2 Vocational Nursing

Weeks/Hours: 52 weeks (Daytime), 72 weeks (Weekends) / Total of 1,800 clock hours

Prerequisite: None

Credential(s) Awarded Upon Completion: Certificate

2020 CIP Code: 51.3901 (Licensed Practical/Vocational Nurse Training)

2018 SOC Code: 29.2060 or 29.2061 (Licensed Practical and Licensed Vocational Nurses)

Students are entitled to a list of the job classifications considered to be in the field of this educational program. To obtain this list, please ask an institutional representative or visit the links below and type in the job title or SOC code from the list of employment positions to look up more information:

<https://www.bls.gov/soc/2018/>

Program Description

This program requires 52 full-time and 72 part-time weeks of attendance days. Students will learn proper patient care, medical terminology, medication administration, body systems, body growth and development, patient care assessment and nursing procedures. Upon successful completion of the program, graduates will be eligible to apply for and take the NCLEX-PN. Successfully passing the NCLEX-PN leads directly to licensure.

Program Objectives/Goals

- Prepare students to meet basic standards in quality Vocational Nursing;
- Prepare to deliver quality nursing care and function successfully in the health care system in both the long term, acute care and outpatient care environments;
- Prepare students to help meet the current demand for health care providers;
- Prepare students to pass the NCLEX-PN;
- Prepare students to obtain a Vocational Nursing education and become gainfully employed;

Program Delivery

Residential: Classroom/Theory, Skills lab and Clinical Instruction *Classroom/Theory Instruction* will be delivered as residential. As a residential course, Southeast California College will utilize traditional pedagogical methods of instruction in the physical classroom environment where a class of students is led by instructors within a scheduled structure of instruction and outside class work.

Skills Lab and Clinical Instruction will be delivered as residential. During Skills Lab or Clinical days, the students are pre-scheduled to perform their assigned term- appropriate skills checklist, either on the Campus Skills Laboratory or an affiliate Clinical facility. The instructor may judiciously critique the students and be asked to repeat the process for a successful retry. Clinical days may be 100% live or 50% live and 50% Skills Lab.

Completion Requirements

- A student must pass all examinations and course requirements with a final grade of a passing score.
- A student must attend mandatory review course after successful completion of required hours and passing grades for the program. Successful completion of a review course is required for program completion.
- A student must pass an exit exam in order to be considered graduate.

At the completion of the program, the student will be able to:

- Function in the delivery of care to clients
- Communicate with clients, client families, and members of the healthcare team
- Perform nursing skills applying critical thinking
- Integrate ethical, professional, legal responsibility and accountability into actions and decisions
- Assume responsibility for personal and professional growth
- Eligible to apply for and take the board exam. Upon successful passing the board exam, the graduates will apply for certificate by the California Bureau of Vocational Nursing & Psychiatric Technicians

Course Description

Term	Course Title / Pre-Requisites	Course Description	Hours
Term 1	VN110 (Theory) VN110C (Clinical) <u>Fundamentals of Nursing (FON)</u>	Fundamentals of Nursing is the very foundation of all nursing avenues. Our curriculum has a unifying theme based on the works of Dr. Abraham Maslow’s The Hierarchy of Human Needs. This foundation is carefully organized into units with lesson plans closely tied in with the California Department of Public Health requirement under Title 22 regulations and the nursing assistant training program (NATP). Integrated into this	114 Theory 96 Skills Lab 168 Clinical

SOUTHEAST CALIFORNIA COLLEGE
College Catalog

	Pre-requisite(s): None	course are the organizing principles of caring, critical thinking, problem- solving, team building, medical terminologies, ethics and legal aspects of nursing, cultural sensitivity, nursing process, patient education, as well as end- of- life care and post-mortem care. Additionally, subjects and topics included are CPR, Airway Obstruction (Heimlich Maneuver), care for patient in shock, victims of poison, bleeding and hemorrhaging, drugs, and alcohol emergencies, and Thermal and Cold Emergencies. The introduction of the Next Generation NCLEX-PN (NGN) examination is integrated into this course. This NGN asks better questions to help nurses think critically when providing care and make the right decisions. NGN is about protecting the public and achieving the best outcomes for clients, nurses, and institutions.	
Term 1	AP120 (Theory) <u>Anatomy and Physiology</u>	The term 1 course regarding structures and functions deal with two very distinct and yet interrelated sciences: Anatomy and Physiology . As a science, anatomy is often defined as the study of the structure of an organism and the relationships of its parts. Anatomists learn about the structure of the human body by cutting it apart – dissection, a principal technique used to isolate and study the structural components or parts of the human body. Physiology , on the other hand, is the study of the functions of living organisms and their parts. Physiologists use scientific experimentation to tease out how each activity of the body works, how it is regulated, and how it fits into the complex, coordinated operation of the whole human organism.	60 Theory 0 Skills Lab 0 Clinical
	Pre-requisite(s): None		
Term 1	VNR10 (Theory) <u>Rehabilitation Nursing</u>	The Rehabilitation Nursing’s underlying philosophy is “to focus on abilities rather than disabilities, to continually make the most of the abilities that remain intact.” This integrated course further expands the concept introduced in Fundamentals of Nursing. In Rehabilitation Nursing, every aspect of the patient’s needs, and care are assessed and addressed thereby illustrating a holistic nursing approach. These concepts are used throughout the continuum of care and across the lifespan of the patient. It is defined as the process of outcome-focused patient care delivered by an interdisciplinary team of highly trained professionals with the goal of restoring the patient to the fullest physical, mental, social, vocational, and economic capacity of which s/he is capable. The introduction of the Next Generation NCLEX-PN (NGN) examination is integrated into this course. This NGN asks better questions to help nurses think critically when providing care and make the right decisions. NGN is about protecting the public and achieving the best outcomes for clients, nurses, and institutions.	(12) Theory 0 Skills Lab 0 Clinical

SOUTHEAST CALIFORNIA COLLEGE
College Catalog

<p>Term 1</p>	<p>PHRM1 (Theory) <u>Pharmacology 1- Basic Med-Math</u> Pre-requisite(s): None</p>	<p>This term introduces the beginner student to Pharmacology 1 (Basic Med-Math). This course shall provide a review on mathematics and dosage calculations at the same time learning the commonly used Metric system, Apothecary and Household Units of measures. One of the many nurse’s roles is to accurately calculate drug dosages to administer medications safely to each patient. Several topics in the Principles of Mathematics are also reviewed such as fractions, decimals, percentages, ratios and more specifically calculation of medication. Additionally, mastering the Principles and Practice of Medication Administration are discussed including but not limited to routes of medication administration and accurately transcribing medication orders given verbally or via telephone. The course will explain how the nurse incorporate this knowledge using the Nursing Process and providing Patient- Education. The introduction of the Next Generation NCLEX-PN (NGN) examination is integrated into this course. This NGN asks better questions to help nurses think critically when providing care and make the right decisions. NGN is about protecting the public and achieving the best outcomes for clients, nurses, and institutions.</p>	<p>12 Theory 0 Skills Lab 0 Clinical</p>
<p>Term 1</p>	<p>VNRV1 (Theory) <u>Term Review 1</u> Pre-requisite(s): None</p>	<p>As the 1st part of the 4-term review series, this course called Term Review 1 is designed to capture the highlights of the materials learned throughout the term. The objectives are integrating knowledge and skills gained from the topics discussed in fundamentals of nursing, anatomy and physiology, and the med-math part of pharmacology-1 and other required subjects. Materials from the required textbook(s), important review contents from ATItesting.com and its available review books, the NCLEX-PN types of questions to include but not limited to innovative types are all incorporated into this review course. The beginnings of NCLEX style test-taking strategies are also introduced. The focus is to introduce students to the beginnings of the NCLEX world, review materials needing clarifications, prepare each student to progress to the next term and ultimately complete the entire program, and be successful at passing the NCLEX- PN State Board exam. The introduction of the Next Generation NCLEX-PN (NGN) examination is integrated into this course. This NGN asks better questions to help nurses think critically when providing care and make the right decisions. NGN is about protecting the public and achieving the best outcomes for clients, nurses, and institutions.</p>	<p>(10) Theory 0 Skills Lab 0 Clinical</p>

<p>Term 2</p>	<p>VN210 (Theory) VN210C (Clinical)</p> <p><u>Medical-Surgical Nursing I</u></p> <hr/> <p>Pre-requisite(s):</p> <p><u>Anatomy & Physiology,</u> <u>Fundamentals of Nursing,</u> <u>Pharmacology 1,</u> <u>Term Review 1</u></p>	<p>As the major focus of this term, Medical-Surgical Nursing-I is a combination theory and clinical course geared to provide a solid introduction to the students learning the head-to-toe client-data gathering, asepsis, elements of infection and its processes, causes of diseases, basic drugs and interventions, and nursing considerations. Furthermore, specific topics to be discussed in this course are Cardiovascular System and Disorders, Respiratory System and Disorders, Endocrine System and Disorders, Blood and Lymph Systems and Disorders, and Immune System Disorders, and HIV/AIDS disease. Cancer patient and nursing care related to Cancer is explained and discussed to include Nutritional needs and Patient Education, Nursing Process, Ethical Issues, Culturally Congruent Care and Critical Thinking Skills are emphasized. Relevant to these disorders are topics related to medication interventions for which students are provided with ample time for skills lab practice in drug administrations, classifications, and calculations and provide patient teaching/education. The introduction of the Next Generation NCLEX-PN (NGN) examination is integrated into this course. This NGN asks better questions to help nurses think critically when providing care and make the right decisions. NGN is about protecting the public and achieving the best outcomes for clients, nurses, and institutions.</p>	<p>114 Theory 24 Skills Lab 264 Clinical</p>
<p>Term 2</p>	<p>PHRM2 (Theory)</p> <p><u>Pharmacology 2</u></p>	<p>The Pharmacology-2 course provides the student the basic knowledge of pharmacological interventions that focuses on calculations of dosages, application of knowledge related to drug classifications, use, actions, side-effects, adverse reactions, contraindications, and nursing considerations. This course is structured so that the students will learn to apply their</p>	<p>24Theory 0 Skills Lab 0 Clinical</p>

	<p>Pre-requisite(s):</p> <p><u>Anatomy & Physiology, Fundamentals of Nursing, Pharmacology 1, Term Review 1</u></p>	<p>knowledge in drug interventions and other pharmaceutical approaches as well as complementary and alternative therapies i.e., herbal etc. Moreover, this course tackles medications, its use as interventions, side-effects, adverse reactions, nursing considerations or implications related to the medical-surgical nursing-I diseases (cardiovascular, respiratory, endocrine, blood, lymph immune, HIV/AIDS and Cancer). Cancer patient and nursing care related to Cancer is explained and discussed to include Nutritional needs and Patient Education, Nursing Process, Ethical Issues, Culturally Congruent Care and Critical Thinking Skills are emphasized. Relevant to these disorders are topics related to medication interventions for which students are provided with ample time for skills lab practice in drug administrations, classifications, and calculations and provide patient teaching/education. Term 4	<p>VN420 (Theory) VN420C (Clinical)</p> <p><u>Medical-Surgical Nursing III</u></p> <p>Pre-requisite(s):</p> <p><u>Medical-Surgical Nursing II,</u> <u>Pharmacology 3,</u> <u>Maternity Nursing,</u> <u>Pediatric Nursing,</u> <u>Term Review 3</u></p>	<p>The Medical-Surgical Nursing-III is a combination theory and clinical course that is geared towards further developing the student's knowledge and skills competencies related to head-to-toe assessment, gathering health/medical histories, and care of patients with different diseases (multi-system issues) that affect various body systems. Moreover, the student learns to incorporate the nursing process in the care of these patients. This term's M/S-III focuses on the following disorders: Nervous, Sensory, Musculoskeletal, Reproductive Systems and Disorders. Health-Wellness and Prevention through Nutrition, and thorough discussion and incorporation of the nursing process and providing patient education and family teaching related to the diseases discussed. The introduction of the Next Generation NCLEX-PN (NGN) examination is integrated into this course. This NGN asks better questions to help nurses think critically when providing care and make the right decisions. NGN is about protecting the public and achieving the best outcomes for clients, nurses, and institutions.</p>	<p>72 Theory 16 Skills Lab 250 Clinical</p>

Term 4	PHRM4 (Theory) <u>Pharmacology 4</u>	The Pharmacology-IV course provides integrated knowledge of pharmacological interventions that focuses on calculations of dosages, application of knowledge related to drug classifications, use, actions, side-effects, adverse reactions, contraindications, and nursing considerations. This course is structured so that the students will learn to apply their knowledge in drug interventions and other pharmaceutical approaches as well as complementary and alternative therapies i.e., herbal etc. in relation to the medical-surgical nursing-III disorders - Nervous, Sensory, Musculoskeletal, Reproductive systems. Relevant to the disorders previously discussed are topics related to drug interventions for which students are provided with ample time for skills lab practice in drug administrations, classifications, etc. and calculations and some topic-related patient teaching / education . The introduction of the Next Generation NCLEX-PN (NGN) examination is integrated into this course. This NGN asks better questions to help nurses think critically when providing care and make the right decisions. NGN is about protecting the public and achieving the best outcomes for clients, nurses, and institutions.	20 Theory 0 Skills Lab 0 Clinical
	Pre-requisite(s): <u>Medical-Surgical Nursing II,</u> <u>Pharmacology 3,</u> <u>Maternity Nursing,</u> <u>Pediatric Nursing,</u> <u>Term Review 3</u>		
Term 4	VNL10 (Theory) <u>Leadership and Supervision</u>	The course explores concepts of leadership and management through examination of various leadership and management theories, application of the ethical and legal principles, organizational and resource management styles, and meeting consumer needs and delegation of nursing care. This course will emphasize the use of critical thinking skills in the leadership / manager role and helps the student to become an efficient nurse leader or supervisor. The introduction of the Next Generation NCLEX-PN (NGN) examination is integrated into this course. This NGN asks better questions to help nurses think critically when providing care and make the right decisions. NGN is about protecting the public and achieving the best outcomes for clients, nurses, and institutions.	18 Theory 0 Skills Lab (36) Clinical

Bernie Ying Chen	<i>IT Specialist, Help Desk</i>

Alodia Laygo, LVN, BScE (Adjunct Faculty)

Ms. Alodia Laygo, is a highly experienced Licensed Vocational Nurse with over thirteen years of expertise in nursing care, supervision, and instruction. Currently a Triage Nurse in the Palliative Department at Optum, she manages telehealth services, educates patients on symptom management, and supports clinicians with clinical evaluations. Ms. Laygo is a certified CPR instructor with proficiency in wound treatment, medication administration, body assessments, and electronic health records. As an adjunct faculty member at institutions like Angeles College of Nursing and Integrity College of Nursing, she has taught nursing theory, skills labs, and clinical courses. Her passion for nursing education and staff development is further exemplified by her role as Director of Staff Development at Rose Garden Convalescent Center, where she created educational programs and managed staff training. Additionally, she holds certifications in IV therapy, infection prevention, and patient advocacy.

Kevin Reyna, LVN (Adjunct Faculty)

Mr. Kevin Reyna is a Licensed Vocational Nurse (LVN) with comprehensive clinical and practical experience in healthcare. He has worked across various settings, including hospitals, rehabilitation centers, and behavioral health facilities. His expertise spans administering medications, providing wound care, performing tracheostomy and G-tube care, and monitoring vital signs. Mr. Reyna's background includes a strong focus on patient care, safety, and education, with certifications in Basic Life Support, intravenous therapy, and airway maintenance. He has demonstrated his commitment to patient well-being through roles at Assisted Healthcare Services and Laurel Park Behavioral Health Center, where he applied evidence-based interventions to support both physical and psychiatric patient populations.

Nedyne Shorts-Nettles, LVN, MA, MBA (Adjunct Faculty)

Ms. Nedyne Shorts-Nettles, is a seasoned healthcare professional and educator with a diverse background in nursing, counseling, and leadership. She earned her Vocational Nursing certification in 1997 and later pursued a Bachelor's and Master's in Marriage and Family Therapy from Argosy University. Recently, she completed a Mini MBA in Healthcare from Dignity Global Health Care in 2023. Ms. Nettles has extensive experience working in Medical-Surgical, Cardiac, and Behavioral Units at Cedars Sinai Medical Center, St. Bernadine Medical Center, and Arrowhead Regional Behavioral Health. She also served as a supervisor at Shandin Hills Adolescence and Partners in Care, where she managed teams overseeing 50 case managers. Her teaching career began at Northwest College and Career Care Institute, and she currently teaches in the Vocational Nursing program at Southeast California College. In addition to her clinical and academic roles, Ms. Nettles is also an emergency teaching certificate holder and a fiction novelist.

Melrick Ibanez, RN, BSN (Adjunct Faculty)

Mr. Melrick Ibanez is a dedicated healthcare professional with a Bachelor of Science in Nursing (BSN) from Point Loma Nazarene University. He has experience working as a Registered Nurse at Arrowhead Regional Medical Center, where he specialized in medical-surgical care, collaborating with healthcare teams to provide comprehensive patient care. Currently, Mr. Ibanez works as an RN Investigator for Maxim Healthcare Services, leading a team in investigating COVID-19 cases within LA County schools and ensuring policy adherence. In addition to his healthcare career, he manages

SOUTHEAST CALIFORNIA COLLEGE

College Catalog

and trains clients at HypeCore Fitness, showcasing his leadership and client-focused skills in both healthcare and fitness settings.

Sophia Gonzalez, RN, ADN (Adjunct Faculty)

Ms. Sophia Gonzalez is a bilingual Registered Nurse with seven years of healthcare experience, specializing in pediatrics, medical/surgical care, and telemetry. Currently, she works in surgical care at Loma Linda Medical Center, where she administers treatments, prepares patients for surgery, and provides postoperative care. Previously, she served as a telemetry nurse at various medical centers, including Eisenhower Medical Center and St. Bernardines Medical Center, focusing on cardiac monitoring and emergency care. Ms. Gonzalez holds an Associate Degree in Nursing from Riverside City College and is pursuing her Bachelor of Science in Nursing at California Baptist University. She is skilled in Epic and Cerner EHR systems and holds certifications in BLS, ACLS, and infection control.

Linda Fugawa, RN, MSN (Adjunct Faculty)

Ms. Linda Fugawa gained her Bachelor of Science in Nursing (BSN) at the West Coast University and continued her education further to achieve her Master of Science in Nursing degree, Family Nurse Practitioner, at the United States University that was conferred last April 2020. As a professional experience, she worked as an ER, OR nurse, and did some RN case management of patients from Montclair Hospital Medical Center in Montclair, Emanate Health Hospital in Covina, and more recently in East Valley Medical Center in Pomona. She is currently teaching the VN program at the American Career College and Angeles College, City of Industry campus.

Cordelia Benson, RN, BSN, (Adjunct Faculty)

Ms. Cordelia Benson, RN, BSN, VA-BC, is a highly skilled and dedicated nurse with 18 years of experience in the healthcare industry. She began her journey as a Licensed Vocational Nurse (LVN) and progressed to become a Registered Nurse (RN), earning an Associate Degree in Nursing from West Coast University and a Bachelor of Science in Nursing from the University of Phoenix. Currently pursuing a Master of Science in Nursing with a focus on psychiatric mental health, Cordelia has extensive experience across nursing specialties, including ICU, medical-surgical, PICC line nursing, and operating room nursing. Her career has spanned prestigious institutions like Riverside County Medical Center, Loma Linda University Medical Center, and Kaiser Permanente. As a Vascular Access Board Certified (VA-BC) nurse, Ms. Benson remains committed to providing top-tier care and continually enhancing patient outcomes. Now an adjunct faculty member at Southeast California College's VN program, she brings her wealth of knowledge and passion for nursing education to the classroom.

Zabrina Alibadbad, RN, BSN, (Adjunct Faculty)

Ms. Zabrina Adel Alibadbad, is an experienced Registered Nurse and Licensed Vocational Instructor with a strong background in nursing education and patient care. She earned her Bachelor of Science in Nursing from Azusa Pacific University and has over a decade of experience in various healthcare roles. Ms. Alibadbad currently serves as a nursing instructor at Angeles College and Integrity College of Health, where she develops lesson plans and assesses nursing students' skills. Additionally, she works as a staff nurse at Blue Diamond Home Health and College Hospital, where her responsibilities include patient admissions, discharges, medication management, and patient education. Fluent in both English and Tagalog, Ms. Alibadbad is certified in Basic Life Support and holds licenses as both a Registered Nurse and a Licensed Vocational Nurse in California.

Jamie Brooks, MA (Part-time)

Ms. Jamie Brooks is a certified Medical Assistant and Vocational Nurse with over three years of diverse experience in the healthcare industry. She earned her Medical Assistant certificate from Platt College and her Vocational Nursing certification from American Career College. Her clinical background includes working as a detox nurse at Pacific Sands, where she specialized in patient care during the detoxification process. Ms. Brooks also served as a travel medical assistant with the County of Riverside's RUHS, where she gained extensive experience in various medical settings. Additionally, she worked as a travel nurse with UCI Orange County Medical Clinics, further broadening her clinical expertise. With one year of teaching experience, Ms. Brooks is passionate about sharing her knowledge and practical skills with the next generation of medical assistants.

Jessica Gonzalez, MA (Part-time)

Mrs. Jessica Gonzalez holds both a Bachelor of Science and an Associate of Arts in Healthcare Administration from the University of Phoenix. She is a certified Basic Life Support (BLS) instructor, equipping her with the expertise to train others in essential life-saving skills. With eight years of experience as the Office Manager for Dr. Victor Fu, Mrs. Gonzalez honed her administrative and clinical management skills, overseeing day-to-day operations and ensuring smooth patient care delivery. In addition to her clinical and administrative experience, Mrs. Gonzalez has over 15 years of teaching experience, having taught at institutions such as Westwood College, Everest College, Angeles College, and Platt College. Her extensive experience in both the academic and healthcare fields enables her to bring a wealth of practical knowledge to her students, preparing them for successful careers in healthcare. Passionate about education and patient care, Mrs. Gonzalez is committed to shaping the future of healthcare professionals.

APPENDIX II
NOTICE OF ADDENDUM

Notice of ADDENDUM: *July 31, 2024*

The following contains Southeast California College revisions, updates and new information that shall be considered incorporated content into the current 2024-2025 College Catalog. Students are hereby given constructive notice of said changes.

Effective July 31, 2024 the ownership and governance of Southeast California College has changed. The affected pages & updated contents are listed below.

Catalog Changes – Listed by Section:

CHAPTER 1. GENERAL INFORMATION

Section 1.3 Ownership & Governance [Page 3]

Health Sciences Institute of California (HSIC) Corporation, operating as Southeast California College (SCC), is owned and managed by Angeles Nursing, Inc. The corporation was officially established under the laws and regulations of the California Secretary of State, with its Articles of Incorporation filed on March 8, 2023.

Notice of ADDENDUM: *October 30, 2024*

The following contains Southeast California College revisions, updates and new information that shall be considered incorporated content into the current 2024-2025 College Catalog. Students are hereby given constructive notice of said changes.

Effective October 30, 2024, the Vocational Nursing program length in hours/weeks has been revised. The affected pages are listed as below:

Catalog Changes – Listed by Section:

1. GENERAL INFORMATION [Page 7] 1.9 Non-Degree Certificate Programs

Southeast California College prepares students for both the healthcare job market and advanced studies through a range of non-degree certificate programs.

Program Title	Clock Hours	Credential
Vocational Nursing	1530	Certificate

2. ACADEMIC CALENDAR [Page 8] 2.2 Academic Calendar/Schedule of Classes

CERTIFICATE PROGRAMS

Southeast California College Certificate Programs follow a non-standard term-based approach and do not adhere to a traditional academic calendar. New classes generally commence five to six times annually, but start dates vary, unlike those of a conventional four-term school year. VN courses typically run for 44 or 64 weeks, depending on whether the student is full or part-time. The Medical Assistant program spans approximately 36 weeks.

This varied and frequently intensive schedule enables students to reach their educational objectives more efficiently. Southeast California College's (SCC) low student-to-faculty ratio and small class sizes, typically averaging 25 students or fewer, promote active learning and collaboration. The student-to-instructor ratio in laboratories is maintained at 20 to 1 or lower. Additionally, all program schedules incorporate national holidays.

COLLEGE CATALOG 2024-2025

Kindly be advised that the class schedule may change without prior notice. Southeast California College retains the right to cancel scheduled classes due to availability or other reasons.

CODE	Program	Pre-requisite	Hours/Days 30 min or 1 hour for lunch break included <i>*subject to change</i>	Length	Break

10.2 Vocational Nursing

Weeks/Hours: 44 weeks (Daytime), 64 weeks (Weekends) / Total of 1,530 clock hours

Course Description [Page 63-72]

Term	Course Title/ Pre-Requisites	CourseDescription	Hours
Term 1	VN110 (Theory) VN110C (Clinical) <u>Fundamentals of Nursing (FON)</u>	Fundamentals of Nursing is the very foundation of all nursing avenues. Our curriculum has a unifying theme based on the works of Dr. Abraham Maslow’s The Hierarchy of Human Needs. This foundation is carefully organized into units with lesson plans closely tied in with the California Department of Public Health requirement under Title 22 regulations and the nursing assistant training program (NATP). Integrated into this	100.5 Theory 72.0 Skills 144.0 Clinical

COLLEGE CATALOG 2024-2025

	Pre-requisite(s): None	course are the organizing principles of caring, critical thinking, problem- solving, team building, medical terminologies, ethics and legal aspects of nursing, cultural sensitivity, nursing process, patient education, as well as end- of- life care and post-mortem care. Additionally, subjects and topics included are CPR, Airway Obstruction (Heimlich Maneuver), care for patient in shock, victims of poison, bleeding and hemorrhaging, drugs, and alcohol emergencies, and Thermal and Cold Emergencies. The introduction of the Next Generation NCLEX-PN (NGN) examination is integrated into this course. This NGN asks better questions to help nurses think critically when providing care and make the right decisions. NGN is about protecting the public and achieving the best outcomes for clients, nurses, and institutions.	
Term 1	AP120 (Theory) <u>Anatomy and Physiology</u>	The term 1 course regarding structures and functions deal with two very distinct and yet interrelated sciences: Anatomy and Physiology . As a science, anatomy is often defined as the study of the structure of an organism and the relationships of its parts. Anatomists learn about the structure of the human body by cutting it apart – dissection, a principal technique used to isolate and study the structural components or parts of the human body. Physiology , on the other hand, is the study of the functions of living organisms and their parts. Physiologists use scientific experimentation to tease out how each activity of the body works, how it is regulated, and how it fits into the complex, coordinated operation of the whole human organism.	54.0 Theory 0.0 Skills 0.0 Clinical
	Pre-requisite(s): None		
Term 1	PHRM1 (Theory) <u>Pharmacology 1- Basic Med-Math</u>	This term introduces the beginner student to Pharmacology 1 (Basic Med-Math). This course shall provide a review on mathematics and dosage calculations at the same time learning the commonly used Metric system, Apothecary and Household Units of measures. One of the many nurse’s roles is to accurately calculate drug dosages to administer medications safely to each patient. Several topics in the Principles of Mathematics are also reviewed such as fractions, decimals, percentages, ratios and more specifically calculation of medication. Additionally, mastering the Principles and Practice of Medication Administration are discussed including but not limited to routes of medication administration and accurately transcribing medication orders given verbally or via telephone. The course will explain how the nurse incorporate this knowledge using the Nursing Process and providing Patient- Education. The introduction of the Next Generation NCLEX-PN (NGN) examination is integrated into this course. This NGN asks better questions to help nurses think critically when providing care and make the right decisions. NGN is about protecting the public and achieving the best outcomes for clients, nurses, and institutions.	12.0 Theory 0.0 Skills 0.0 Clinical
